

President Asks Reds To Match U.S. Efforts On "World Peace"

By ERNEST B. VACCARO
DENVER (AP) — President Eisenhower today invited Soviet Russia to match American conciliatory efforts at Geneva and lay the groundwork for the peace and progress "for which the whole world longs."

If the "new spirit" evidenced at the summit conference at Geneva three months ago is real, Eisenhower said, the foreign ministers will seek solutions for the reunification of Germany and clear away other barriers to peace at the four-power conference opening tomorrow.

The President spoke out in a statement issued from his sick room on the eighth floor of Fitzsimons Army Hospital, where his progress toward recovery from a heart attack was reflected yesterday in the publication of the first closeup photographs since his seizure Sept. 24.

Spy And Chipper
Garnett D. Horner, Washington (D. C.) Star reporter, representing the combined press here, said the President's cheeks were "ruddy, their flesh firm," and that his eyes sparkled. His voice was strong, Horner reported, and "his manner is relaxed but spry and chipper."

The President voiced hope Russia will respond in the same "genuine spirit of conciliation and accommodation" to the proposals the United States will submit along with Great Britain and France and with which the Republic of West Germany has been kept abreast.

The President's statement followed two conferences here with Secretary of State Dulles before the latter's departure for Europe and a letter to the Cabinet backing Dulles up 100 per cent in his negotiations at Geneva.

Ask Future Solutions
"The world hopes," the President said, that the conference he attended at Geneva did, in fact, create a "new spirit" which will make possible future solutions of world problems.

He repeated his belief that the "acid test" will come at the new conference when the foreign ministers tackle "concretely" the problems which, if unresolved, "create tension and danger."

Dulles said after his last talk with Eisenhower that the two share a "measured hope" for concrete progress. While he said he did not anticipate "spectacular results," he looked for progress on German reunification and on increased contacts between East and West. And he hoped the foreign ministers could clear away some of the misunderstandings that have arisen over the disarmament issue.

"Peace Of Justice"
Asserting he and Dulles "think alike with respect to these matters" which they have reviewed together, the President said of the proposals by the Western nations: "These will be designed to promote a peace of justice, with increased security and well-being for all. They will reflect a genuine spirit of conciliation and accommodation. If the Soviet Union responds in a similar spirit, much progress can be made. That is my personal hope, and I am confident it is the hope of the American people."

"We shall all of us follow with eagerness the developments at Geneva, for they will go far to demonstrate whether the 'spirit of Geneva' marks a genuine change and will actually be productive of the peaceful progress for which the whole world longs."

The President also conferred yesterday with Secretary of the Interior McKay and Sherman Adams, the President's chief deputy.

No official callers are on the President's schedule today. But he will discuss his State of the Union message tomorrow with aides.

County Soldier Is To Be Sent Overseas

Pvt. Sterling C. Singley, 26, son of Mr. and Mrs. Carl W. Singley, Arden, is scheduled to be sent to Europe from Fort Riley, Kan., next month as part of "Operation Gyroscopic," the Army's new unit rotation plan.

Singley's unit, the 10th Infantry Division, is the first division to move under the Gyroscopic plan. It will replace the 1st Infantry Division which is returning to the U. S.

Singley, a rifleman in the 85th Regiment's Company L, entered the Army in May, 1955. He received his basic training at Fort Riley.

Singley is a 1951 graduate of Iowa State College.

GTC CONSIDERS FUTURE USE OF RAILWAY OFFICE

Plans for use of the former Western Maryland Railway express office by the Gettysburg Travel Council were discussed at length Tuesday evening at a meeting of the council in the Lincoln Room in the Wills House.

A committee comprising Hugh Brumman and Donald V. Manning, co-chairmen, Allen Larson, John Crow, Glenn Little, LeRoy Smith, O. G. McPherson, Donald Ulrich, Richard Fox, John Madsen, Carl Scheide and Thomas Metz was appointed by President Allen Larson to complete arrangements for the use of the office.

The committee will begin its work Thursday afternoon at 2 o'clock at the railroad station.

Larson said he also plans to call a meeting of representatives of the Chamber of Commerce and Retail Merchants with the Travel Council on the matter.

Paper Warns Against Wedding Of Royal Princess, Commoner

LONDON (AP) — The influential London Times thundered a warning today that a marriage between Princess Margaret and Peter Townsend "would cause acute division among loyal subjects everywhere."

The Times counseled the princess to remember that "happiness in a full sense is a spiritual state and its most precious element may be the sense of duty done."

The powerful publication thus entered for the first time the stormy public debate over the romance between Princess Margaret and the divorced Royal Air Force hero.

The editorial policy of the Times is kept under close scrutiny by a board of trustees which includes the Archbishop of Canterbury, ranking prelate of the Church of England. The church hierarchy strongly opposes remarriage of divorced persons.

Keys to the house will be presented by the contractor, Edward Florence, of Waynesboro, to the architect, DiForrest Emmert, '23, of Philadelphia. Emmert, in turn, will turn the keys over to Luther D. Ritter, '33, of Littlestown, chairman of the Trustees' Committee.

Prayer will be offered by Dr. Robert Fortenbaugh, '13, of Gettysburg, national vice president and worthy grand chaplain.

The consecration of the Robert L. Baby Memorial Chapter Room will take place at seven o'clock. The room was designed by Dr. C. L. S. Baby, of Gettysburg, national ritual counselor. Others who will be here for the program will be John MacGregor, past worthy grand chief and a member of the High Council, and Fred D. Carl and Harold C. Welsh, chiefs of Provinces XIX and XIV, respectively.

A tea will be held at two o'clock Sunday afternoon to introduce the Board of Trustees, the faculty, and town guests to the national offices.

Have No Balance
In addition each organization had to seek to raise as much money as it could, because of possible emergency needs. Under the Community Chest plan, the budget of each organization is carefully worked out so that it outlines exactly the needs of the organization for its operation during the year. Then a sum of approximately \$1,000 is added to that total to provide an emergency fund available to all six of the member organizations. In that way the community can save money and still all of the groups are protected against emergency financial problems.

In the first several years of operation, the Community Chest reached its goal and the emergency funds raised as part of those drives supplied the funds to carry on operation of the six organizations during the last several years when the goal was not reached. This year there is no emergency fund that can be applied to a deficit, the prior emergency fund having been exhausted.

BURY J. W. TYLER

Funeral services were held Tuesday afternoon at 2 o'clock from the Coleville, Md., Methodist Church for John W. PARENTS URGED TO FOLLOW UP HEALTH REPORT

The school medical examinations can "provide no benefits to the child unless the parents follow up on the recommendations made by the examiners," a panel of physicians, dentists, nurses and dietitians told the New Oxford PTA Monday evening.

Dr. John Menges, New Oxford school medical examiner, and Dr. Karl Hoffmeister, school dentist, were among those who told the parents that the function of the school health examination "is to discover deficiencies and not to treat the child." They urged the parents to take their child to the family physician or dentist for immediate treatment if such need is shown in the school health examination.

Dr. Hoffmeister praised the "well equipped health room in the elementary school." He told of a program which permits the first graders to "sit in on" the examinations of other grades before the first graders are examined. "This procedure removes much of the dread of the examination."

Mrs. Mary Stock, home economist for the New Oxford Schools, outlined the balanced diet "needed by the growing child."

Conduct Bible School

Mrs. Vesta Smith urged parents to be present for the examination of their children.

Miss Jennie I. Blatchford, county speech correctionist, reported 35 youngsters in the New Oxford Schools are receiving special training in speech.

Mrs. Francis Yake was program chairman. Robert Keith was moderator. At a business meeting it was decided that a PTA Bible school will be held at the Reformed Church on the nights of PTA meetings and members may place their children at the school for the duration of the meeting. Sponsored by the PTA Christian Education Committee, the program was inaugurated with Monday's meeting.

The hospitality committee included: Mrs. Rush Sieg Jr., Mr. and Mrs. Fred Feiser, Mr. and Mrs. Robert Berkhimer, Mr. and Mrs. Rod Munday, Mr. and Mrs. Richard Bennett, Mr. and Mrs. Lester Bucher and Mrs. Clyde Garber.

BOB MILLER IS PIGSKIN EXPERT WITH ONE MISS

Robert Miller, 217 Baltimore St., topped 257 contestants to win first prize in the weekly Football Contest conducted by The Gettysburg Times and 20 participating merchants. Miller picked 19 of the twenty winners, being upset by Colgate which beat Yale 7-6. He figured the feature game between Navy-Penn as a 28 point affair. The Middles shipped Penn 33-0.

A second place tie resulted between Paul P. McClell, 31 E. Lincoln Ave., and Louise C. Tarmann, 218 Chambersburg St. Each had four losers and guessed 27 points as the Navy-Penn score. Three other contestants also had 16 winners but missed the feature score by a wider margin. McClell and Mrs. Tarmann will divide second and third prize.

Other participants fared as follows: sixteen, 15 correct; 28, 14; 39, 13; 32, 12; 65, 11; 29, 10; 16, 9; 4, 8; 2, 7.

Each Tuesday a full page of advertisements of the participating merchants is published in The Times with 20 names listed from which contestants select winners. A feature point game is also listed which is used to break ties. Entry blanks may be secured from sponsoring merchants and must be returned to The Gettysburg Times office no later than Friday at 5 p.m.

First prize is a \$15 merchandise certificate; second, \$7.50, and third, \$2.50.

The feature game for this week's contest is the Gettysburg High-Waynesboro High game.

HUGE PARADE SCHEDULED TO MARCH TONIGHT

Ten musical units, nine costumed marching groups, 11 floats and hundreds of individual costumed marchers and decorated children's vehicles are to make up this evening's Halloween parade. Paul Cooley, chairman of the parade committee for the Gettysburg Association of Clubs, said, "If all who have signified their intention to be in the parade are present it will be the largest Halloween parade ever held here."

The procession, to be divided into five divisions, will begin at 8 o'clock. Units will form about 7 o'clock at Springs Ave., and the streets radiating from that avenue. Division One will be on Springs Ave.; Division Two on Hay St., Division Three on Howard Ave., south of Springs Ave., Division Four on Howard Ave., north of Springs Ave., and the Fifth Division will form on Reynolds St.

Must Have Numbers

Individual marchers will report at 7 o'clock at the Acme Parking lot, West St., to receive numbers for position assignment in the parade. The fifth division will include the Gettysburg College band, the College Army ROTC drill team, the college Air ROTC drill team and the teenage drill team of the Landis-McClell detachment of the Marine Corps League of Chambersburg. Those will be the only units in that division because they plan to drill and counter march as they move along the streets.

Additional drum corps entries for the parade announced today are the Conewago Indians of East Berlin and the Hesson-Snyder American Legion Post, of Taneytown, both of which been assigned to the fourth division.

COLLEGE HOLDS HOMECOMING OVER WEEKEND

Gettysburg College will hold its annual Homecoming on the campus Friday, Saturday and Sunday with alumni, fraternities and the football team playing major roles in the weekend festivities.

The highlight for most returning grads will be Gettysburg's football game with their traditional rival Lafayette, a contest that is expected to attract a standing-room only crowd to Memorial Field.

Gettysburg's chapter of Phi Kappa Psi, national social fraternity, will use Homecoming Weekend to celebrate the 100th anniversary of its founding on the campus. Phi Kappa Psi is the oldest fraternity at the college.

Dedicate Fraternity
Another highlight will be the dedication of Gettysburg's new ATO fraternity house and the consecration of its chapter hall. The new house was completed this summer at a cost of \$100,000.

When alumni aren't attending football games, fraternity affairs, teas, or the soccer contest with Bucknell, they'll attend Friday night pep-rallies, float parades, the annual Alumni Council meeting or the Alumni class agents dinner.

The Homecoming Weekend will close Sunday with an alumni church service in Christ Chapel. Dr. Henry W. A. Hanson, president emeritus of the college, will deliver the sermon.

Mrs. M. Spangler Is Buried Wednesday

Funeral services for Mrs. Mary M. Spangler of Union Bridge, Md., were held Wednesday afternoon at 2:30 o'clock from the Harney Lutheran Church. Rev. Charles H. Held officiated. Interment was in the Harney Lutheran Church Cemetery.

The pallbearers were: Cleveland S. Sambaugh, Robert Spangler, John Harner, Harvey Wentz, Earlington Shriver, Samuel Valentine.

350 College Scholarships Await High School Grads

CHICAGO (AP)—A nationwide talent search got under way today in 10,000 American high schools. The prizes are 350 four-year college scholarships for the country's most promising seniors.

More than 50,000 youngsters are taking examinations in their high schools that will narrow the field for the scholarships. It is the official start of the biggest privately financed scholarship program in the history of American education.

The National Merit Scholarship Corp. set up last summer with a 20-million-dollar grant from the Ford Foundation and a \$500,000 grant from the Carnegie Corp. of New York, is conducting the program.

Besides scholarships financed with its own money, the corporation is administering scholarships given by the Sears-Roebuck Foundation and Time, Inc., publishers

Harry J. Oyler Buried Here Today

Funeral services for Harry J. Oyler were held this afternoon at 2 o'clock from the Bender Funeral Home. Rev. Dr. Ralph R. Gresh officiated. Interment was in the Evergreen Cemetery.

The pallbearers were: Carl Oyler, Lawrence E. Oyler, Harvey Oyler, Robert Oyler, Norbert Oyler and Paul Oyler.

ALL OFFICERS OF RC CHAPTER ARE RE-ELECTED

Officers of the Adams County Chapter of the American Red Cross were reelected at the annual dinner meeting Tuesday evening at the YWCA. They are: George L. Haenn, chairman of the board of directors; Mrs. Frank H. Kramer, vice chairman; Mrs. P. J. McGlynn, secretary, and Ray J. Kitzmiller, treasurer.

New members elected to the board for three-year terms are: Mrs. Louis P. Wahl, Benderville; Ted M. Tussing, Gettysburg; Mrs. George J. Fairfield; Mrs. Robert A. Willis, Fairfield; John D. Basehoar, Littlestown; Mrs. LeRoy H. Winebrenner, Gettysburg; Atty. Donald M. Swope, Gettysburg.

Reelected to the board for three-year terms are: Mrs. J. R. Riden, Littlestown; Orville Ormer, Gettysburg; Mrs. Carl A. Baum, Gettysburg; Mrs. Blaine G. Miller, Gettysburg; Philip Neth, Gettysburg.

Unanimously Elected
Members of the board were nominated by a committee headed by Atty. Edward B. Buleit and elected by a unanimous vote at the dinner.

Officers were elected at a meeting of the board following the dinner meeting.

Present Annual Report

The president's report was presented. Committees reporting included: Home service, Mrs. Albert Bachman, chairman; camp and hospital meetings, Mrs. Frank H. Kramer, chapter representative; volunteer services, Mrs. Kramer, chairman; first aid, John C. W. Riddle, chairman; nurses' aide volunteer services, Doris Wohl, chairman; home nursing, disaster relief program, Civil Defense, Arthur Buehler, chairman; water safety program, Mrs. Marion G. Becker, chairman; safety services, James A. George Naugle, vice chairman; finance committee, Elmer Gruver, chairman. The invocation and benediction was given by Rev. Charles E. Held.

Members of the staff of the Adams County Chapter of the Red Cross are Mrs. Peggy P. Hill, executive secretary, and Miss Jeanne Bucher, office secretary.

MERCHANTS SET XMAS HOURS

"Christmas hours" for Gettysburg stores were determined Tuesday evening at a meeting of the Retail Merchants Association at the court house.

Following the same schedule as last year, the stores will be open for the Christmas season each evening from December 10 through December 23. On December 24, Christmas Eve, the stores will close at 6 o'clock and remain closed until their regular opening hours on the morning of December 26.

Much of the meeting was devoted to a discussion of the Christmas street lights. The merchants hope for an expansion of the decorative lighting program because "of the many guests expected in the community during the Christmas period."

President John Pitzer presided.

JAYCEES HEAR ADDRESS, HOLD DEMONSTRATION

A "Farmers Night" program was conducted by the Junior Chamber of Commerce Tuesday evening for the Gettysburg Young Farmers Association.

A project of the agricultural committee of the Jaycees chaired by Lyndale Brandon, the program opened with a clipping and dehorning demonstration conducted by John Crow, of the Jaycees, at the farm of Earl W. Brandon, R. 2. He showed methods of clipping and then demonstrated calf dehorning with electricity, a process in use only during the last several years. Designed to replace the method of removing the horns of calves, Crow said the electrical method permits horn removal at any time, even while the calves are still nursing. Caustic cannot be used at such times because of the danger to the cow. Nor can caustics be used during wet weather because of the danger of injury to the calf.

Hear Address
Returning to the High School here, the Young Farmers heard a talk by Joseph Nagotte, Pennsylvania State University specialist, on "13,000 Miles of Dairying." Nagotte outlined his findings during a tour of the U. S. His tour, he said, "was designed to find out why some good ideas don't work." One experiment, he said, in which the cows were given the opportunity to eat all the sludge they washed, when they washed it "worked out well, until several cows ate themselves right into the middle of the stack and it collapsed, killing them." Describing a number of similar experiments in "making the work out of dairying," Nagotte said, "they are good ideas, but the problem is to get the cows to cooperate. So far it looks like dairying will continue to involve work for a long time to come."

FIND TWO PUPPIES

Two female collie-beagle puppies were found on the Battelfield Tuesday afternoon by a guide. "Was reported this morning by John C. W. Riddle, superintendent of the National Cemetery. The puppies were turned over to Dr. Richard C. Neasham, veterinarian, 201 Hanover St."

Costs by Leslie Ward and Leslie J. Ward, 445 and 449 1/2 N. Howard St., a mail, parcel, from 43-85 to 43-85, Virginia Morris, Baltimore, Md.

WEATHER FORECAST
Fair and not so cool tonight, low 45-50. Thursday some cloudiness and a little warmer.

GOOD EVENING

Statements Are Significant
Another ex-officio Times trustee is the lord chancellor-at present Viscount Kilmuir—the highest law officer of the British government.

Editorial pronouncements of the Times on matters of importance to the government and church have accordingly come to be accepted through the years as especially significant.

The Queen as titular head of the Church of England could not be expected to put her approval on a marriage between Margaret and Townsend that is disapproved by the church.

Rules of procedure in the House of Commons yesterday postponed an attempt to get some clue of the princess' intentions. The question period ended before Labor Member Marcus Lipton could ask Prime Minister Eden—as he has said he will—whether the government plans to ask repeal of the Royal Marriage Act of 1772. The next question period in Commons will come tomorrow.

An Eden statement that his government plans to ask repeal of the marriage act would be taken as evidence that the princess and the commoner plan to wed.

The princess became free to marry as she chose last August when she turned 25 years of age, but the marriage act provides she must give Parliament one year's notice of any such plans.

WILL DEDICATE NEW A.T.O. HOME ON SATURDAY

A number of national officers and many alumni will be present Saturday for the dedication of the new \$100,000 Alpha Tau Omega fraternity house on the Gettysburg College campus and the consecration of the chapter hall. It will be part of annual Homecoming weekend at the college.

The dedication ceremonies will be held at 5 o'clock. The participants will be introduced by Col. George A. Barton, of Washington, D. C., president of the ATO House Association.

Dr. Alfred H. Williams, president of the Federal Reserve Bank, of Philadelphia, who received an L.L.D. from Gettysburg College, and a member of the fraternity's National Advisory Committee on Finances, will speak. Executive Secretary Steward D. Daniels will bring greetings from the central offices.

Keys to the house will be presented by the contractor, Edward Florence, of Waynesboro, to the architect, D. Forrest Emmert, '33, of Philadelphia. Emmert, in turn, will turn the keys over to Luther D. Ritter, '33, of Littlestown, chairman of the Trustees' Committee.

Prayer will be offered by Dr. Robert Fortenbaugh, '13, of Gettysburg, national vice president and worthy grand chaplain.

The consecration of the Robert L. Raby Memorial Chapter Room will take place at seven o'clock. The room was designed by Dr. C. L. S. Raby, of Gettysburg, national ritual counselor. Others who will be here for the program will be John MacGregor, past worthy grand chief and a member of the High Council, and Fred D. Carl and Harold C. Welsh, chiefs of Provinces XIX and XIV, respectively.

A tea will be held at two o'clock Sunday afternoon to introduce the Board of Trustees, the faculty, and town guests to the national officers.

CHEST DRIVE IS SHORT; SIX GROUPS SUFFER

Gettysburg's Community Chest inched nearer its goal of \$19,700 today. \$12,850 has been raised thus far.

Contributions from a number of organizations are still expected, but without additional donations from many who have already given their pledges, the goal cannot be reached, according to chest officials.

The funds raised through the Chest support the Boy Scouts, Girl Scouts, YWCA, Recreation Association, Civic Nurse and library. The Chest was organized to replace six drives for funds, one for each organization, each year. By replacing six campaigns with one, it was found that savings could be effected in the cost of the drives, because there would be one cost in comparison to six.

Have No Balance
In addition each organization had to seek to raise as much money as it could, because of possible emergency needs. Under the Community Chest plan, the budget of each organization is carefully worked out so that it outlines exactly the needs of the organization for its operation during the year. Then a sum of approximately \$1,000 is added to that total to provide an emergency fund available to all six of the member organizations. In that way the community can save money and still all of the groups are protected against emergency financial problems.

In the first several years of operation, the Community Chest reached its goal and the emergency funds raised as part of those drives supplied the funds to carry on operation of the six organizations during the last several years when the goal was not reached. This year there is no emergency fund that can be applied to a deficit, the prior emergency fund having been exhausted.

BURY J. W. TYLER

Funeral services were held Tuesday afternoon at 2 o'clock from the Colesville, Md., Methodist Church for John W. Tyler who died Saturday morning at 5 o'clock at his home, Fairfield R. 2, following a heart attack. Rev. Paul H. Grose, officiated. Interment was in the church cemetery. The pallbearers were: James E. Richard and Lester Tyler, Franklin Leith, Wiley Mullins and James Greer.

Give them a Faith to live by
Worship with them this week

When you worship with the children every week, they see you . . . the biggest, smartest, most important people in their world, asking God for help, thanking Him for blessings.

Soon it becomes clear . . . here they can always find the strength they need, always find the happiness they want.

PARENTS URGED TO FOLLOW UP HEALTH REPORT

The school medical examinations can "provide no benefits to the child unless the parents follow up on the recommendations made by the examiners," a panel of physicians, dentists, nurses and dietitians told the New Oxford PTA Monday evening.

Dr. John Menges, New Oxford school medical examiner, and Dr. Karl Hoffmeister, school dentist, were among those who told the parents that the function of the school health examination "is to discover deficiencies and not to treat the child." They urged the parents to take their child to the family physician or dentist for immediate treatment if such need is shown in the school health examination.

Dr. Hoffmeister praised the "well equipped health room in the elementary school." He told of a program which permits the first graders to "sit in on" the examinations of other grades before the first graders are examined. "This procedure removes much of the dread of the examination."

Mrs. Mary Stock, home economist for the New Oxford Schools, outlined the balanced diet "needed by the growing child."

Conduct Bible School
Mrs. Vesta Smith urged parents to be present for the examination of their children.

Miss Jennie L. Blatchford, county speech correctionist, reported 35 youngsters in the New Oxford Schools are receiving special training in speech.

Mrs. Francis Yake was program chairman. Robert Keith was moderator. At a business meeting it was decided that a PTA Bible school will be held at the Reformed Church on the nights of PTA meetings and members may place their children at the school for the duration of the meeting. Sponsored by the PTA Christian Education Committee, the program was inaugurated with Monday's meeting.

The hospitality committee included: Mrs. Rush Sieg Jr. Mr. and Mrs. Fred Feiser, Mr. and Mrs. Robert Berkhimer, Mr. and Mrs. Rod Munday, Mr. and Mrs. Richard Bennett, Mr. and Mrs. Lester Bucher and Mrs. Clyde Garber.

COLLEGE HOLDS HOMECOMING OVER WEEKEND

Gettysburg College will hold its annual Homecoming on the campus Friday, Saturday and Sunday with alumni, fraternities and the football team playing major roles in the weekend festivities.

The highlight for most returning grads will be Gettysburg's football game with their traditional rival Lafayette, a contest that is expected to attract a standing-room only crowd to Memorial Field.

Gettysburg's chapter of Phi Kappa Psi, national social fraternity, will celebrate Homecoming Weekend to celebrate the 100th anniversary of its founding on the campus. Phi Kappa Psi is the oldest fraternity at the college.

Dedicate Fraternity
Another highlight will be the dedication of Gettysburg's new ATO fraternity house and the consecration of its chapter hall. The new house was completed this summer at a cost of \$100,000.

When alumni aren't attending football games, fraternity affairs, teas, or the soccer contest with Bucknell, they'll attend Friday night pep-rallies, float parades, the annual Alumni Council meeting or the Alumni class agents dinner.

The Homecoming Weekend will close Sunday with an alumni church service in Christ Chapel. Dr. Henry W. A. Hanson, president emeritus of the college, will deliver the sermon.

BOB MILLER IS PIGSKIN EXPERT WITH ONE MISS

Robert Miller, 217 Baltimore St., topped 257 contestants to win first prize in the weekly Football Contest conducted by The Gettysburg Times and 20 participating merchants. Miller picked 19 of the twenty winners, being upset by Colgate which beat Yale 7-6. He figured the feature game between Navy-Penn as a 28 point affair. The Middles whipped Penn 33-0.

A second place tie resulted between Paul F. McClellan, 31 E. Lincoln Ave., and Louise C. Tarmann, 218 Chambersburg St. Each had four losers and guessed 27 points as the Navy-Penn score. Three other contestants also had 16 winners but missed the feature score by a wider margin. McClellan and Mrs. Tarmann will divide second and third prize.

Other participants fared as follows: sixteen, 15 correct; 28, 14; 39, 13; 52, 12; 65, 11; 29, 10; 16, 9; 4, 8; 2, 7.

Each Tuesday a full page of advertisements of the participating merchants is published in The Times with 20 games listed from which contestants select winners. A feature point game is also listed which is used to break ties. Entry blanks may be secured from sponsoring merchants and must be returned to The Gettysburg Times office not later than Friday at 5 p.m.

First prize is a \$15 merchandise certificate; second, \$7.50, and third, \$2.50.

The feature game for this week's contest is the Gettysburg High-Waynesboro High game.

HUGE PARADE SCHEDULED TO MARCH TONIGHT

Ten musical units, nine costumed marching groups, 11 floats and hundreds of individual costumed marchers and decorated children's vehicles are to make up this evening's Halloween parade. Paul Cooley, chairman of the parade committee for the Gettysburg Association of Clubs, said, "If all who have signified their intention to be in the parade are present it will be the largest Halloween parade ever held here."

The procession, to be divided into five divisions, will begin at 8 o'clock. Units will form about 7 o'clock at Springs Ave., and the streets radiating from that avenue. Division One will be on Springs Ave.; Division Two on Hay St.; Division Three on Howard Ave., south of Springs Ave.; Division Four on Howard Ave., north of Springs Ave., and the Fifth Division will form on Reynolds St.

Must Have Numbers
Individual marchers will report at 7 o'clock at the Acme Parking lot, West St., to receive numbers for position assignment in the parade.

The fifth division will include the Gettysburg College band, the College Army ROTC drill team, the college Air ROTC drill team and the teenage drill team of the Landis-McClellan detachment of the Marine Corps League of Chambersburg. Those will be the only units in that division because they plan to drill and counter march as they move along the streets.

Additional drum corps entries for the parade announced today are the Conewago Indians of East Berlin and the Hesson-Snyder American Legion Post, of Taneytown, both of which been assigned to the fourth division.

Harry J. Oyler Buried Here Today

Funeral services for Harry J. Oyler were held this afternoon at 2 o'clock from the Bender Funeral Home. Rev. Dr. Ralph R. Gresh officiated. Interment was in the Evergreen Cemetery.

The pallbearers were: Carl Oyler, Lawrence E. Oyler, Harvey Oyler, Robert Oyler, Norbert Oyler and Paul Oyler.

ALL OFFICERS OF RC CHAPTER ARE RE-ELECTED

Officers of the Adams County Chapter of the American Red Cross were reelected at the annual dinner meeting Tuesday evening at the YWCA. They are: George L. Haenn, chairman of the board of directors; Mrs. Frank H. Kramer, vice chairman; Mrs. P. J. McGlynn, secretary, and Ray J. Kitzmiller, treasurer.

New members elected to the board for three-year terms are: Mrs. Louis P. Wahl, Bendersville; Ted M. Tussing, Gettysburg; Mrs. George Inskip, Fairfield; Mrs. Robert A. Willis, Fairfield; John D. Basehoar, Littlestown; Mrs. LeRoy H. Winebrenner, Gettysburg; Atty. Donald M. Swope, Gettysburg.

Reelected to the board for three-year terms are: Mrs. J. R. Riden, Littlestown; Orville Orner, Gettysburg; Mrs. Carl A. Baum, Gettysburg; Mrs. Blaine G. Miller, Gettysburg; Philip Neth, Gettysburg.

Unanimously Elected
Members of the board were nominated by a committee headed by Atty. Edward B. Bulleit and elected by a unanimous vote at the dinner.

Officers were elected at a meeting of the board following the dinner meeting.

Present Annual Report

The president's report was presented. Committees reporting included: Home service, Mrs. Albert Bachman, chairman; camp and hospital meetings, Mrs. Frank H. Kramer, chairman; volunteer services, Mrs. Kramer, chairman; first aid, John C. W. Riddle, chairman; nurses' aide volunteer services, Doris Wohl, chairman; captain of the nurses' aide corps; home nursing, disaster relief program, Civil Defense, Arthur Buehler, chairman; water safety program, Mrs. Marion G. Ecker, chairman; safety services, James A. Lentz, instructor at Gettysburg College; community services, mental health clinic, Margaret McMillan, clinic secretary; Junior Red Cross in Adams County schools, Mrs. Luther Wisler, chairman; Junior Red Cross financial report, fund campaign, Kenneth Johns, chairman, George Naugle, vice chairman; finance committee, Elmer Gruver, chairman. The invocation and benediction was given by Rev. Charles E. Held.

Members of the staff of the Adams County Chapter of the Red Cross are Mrs. Peggy P. Hill, executive secretary, and Miss Jeanne Bucher, office secretary.

MERCHANTS SET XMAS HOURS

"Christmas hours" for Gettysburg stores were determined Tuesday evening at a meeting of the Retail Merchants Association at the court house.

Following the same schedule as last year, the stores will be open for the Christmas season each evening from December 10 through December 23. On December 24, Christmas Eve, the stores will close at 6 o'clock and remain closed until their regular opening hours on the morning of December 25.

Much of the meeting was devoted to a discussion of the Christmas street lights. The merchants hope for an expansion of the decorative lighting program because "of the many guests expected in the community during the Christmas period."

President John Pitzer presided.

350 College Scholarships Await High School Grads

CHICAGO (AP)—A nationwide talent search got under way today in 10,000 American high schools. The prizes are 350 four-year college scholarships for the country's most promising seniors.

More than 50,000 youngsters are taking examinations in their high schools that will narrow the field for the scholarships. It is the official start of the biggest privately financed scholarship program in the history of American education.

The National Merit Scholarship Corp., set up last summer with a 20-million-dollar grant from the Ford Foundation and a \$500,000 grant from the Carnegie Corp. of New York, is conducting the program.

Besides scholarships financed with its own money, the corporation is administering scholarships given by the Sears-Roebuck Foundation and Time, Inc., publishers of Time and Life magazines. The corporation said other business organizations are planning eventually to take part, increasing the size of the program in future years.

The students competing were picked by their local principals as the most promising 5 per cent of each senior class. The 4,000 seniors who survive this first test will be eligible for a second examination Jan. 14, 1956. Top scorers on the January test will be screened by a board to pick the scholarship winners.

The winners will receive from \$100 a year to \$2,000 a year to attend any college of their choice. The amount depends entirely on financial need rather than how the youngsters finish in the examinations.

All the candidates are taking the same two tests, designed to show their ability to take advantage of advanced education.

URGES FREEDOM BUT NOT WAR OF DEVASTATION

"Helps for maintaining freedom should not rest in arms. We must try to establish a peaceful world without effecting a devastating war," declared Lt. Col. Donald G. Williams, professor of Air Science and Tactics ROTC, at Gettysburg College, at the annual dinner of the Adams County Chapter of the Red Cross Tuesday night at the YWCA at 6:30 o'clock.

Beginning his talk with his thesis, "The world is at peace, but you'd never know it," Col. Williams continued to indicate "powder kegs" of the modern world, Israel, Egypt, Argentina, Kenya, Formosa, Communist China, "where a powerful cold war is being waged."

Describing modern warfare techniques the officer explained that "one airplane and one bomb today could obliterate a section of a country as contrasted to the hundreds of bombs and planes necessary in the World War II to effect the same amount of damage. For that reason war is no longer damaging, it is devastating — and nuclear war is no longer devastating, it is chattering."

Deter War Three
"We have a compelling incentive to take whatever steps are necessary to deter World War III. We must help our foreign neighbors, consider human dignity, appeal to their finer impulses. And in order to appeal to foreigners and to help them, we as Americans, must make an effort to understand them, to study their culture, customs and philosophy."

In demonstrating the difference between the Occidental and the Oriental mind, Col. Williams cited MacArthur in Japan, "who was disliked by American servicemen because of his seemingly 'pompous manner.' Americans objected to the way MacArthur's sedan would stop traffic in the middle of the city, the way he cocked his hat on his head, his over-dignified approach to the Japanese population. When MacArthur was replaced the men realized that the Japanese respect such an attitude and will resort to hysteria and rioting if a leader cannot draw their respect."

"It is important to know the people, therefore, with whom you're dealing to achieve any measure of success," Williams concluded.

"Helps for maintaining freedom should not rest in arms. We must make all people and all governments of the world see that we are trying to establish a peaceful world without a devastating war."

JAYCEES HEAR ADDRESS, HOLD DEMONSTRATION

A "Farmers Night" program was conducted by the Junior Chamber of Commerce Tuesday evening for the Gettysburg Young Farmers Association.

A project of the agricultural committee of the Jaycees chairmaned by Lyndale Brandon, the program opened with a clipping and dehorning demonstration conducted by John Crow, of the Jaycees, at the farm of Earl W. Brandon, R. 2. He showed methods of clipping and then demonstrated calf dehorning with electricity, a process in use only during the last several years. Designed to replace the method of removing the horns of calves, Crow said the electrical method permits horn removal at any time, even while the calves are still nursing. Caustic cannot be used at such times because of the danger to the cow. Nor can caustics be used during wet weather because of the danger of injury to the calf.

Hear Address
Returning to the High School here, the Young Farmers heard a talk by Joseph Nageotte, Pennsylvania State University specialist, on "13,000 Miles of Dairying." Nageotte outlined his findings during a tour of the U. S. His tour, he said, "was designed to find out why some good ideas don't work." One experiment, he said, in which the cows were given the opportunity to eat all the silage they wished, when they wished it, "worked out well, until several cows ate themselves right into the middle of the stack and it collapsed, killing them." Describing a number of similar experiments in "taking the work out of dairying," Nageotte said, "they are good ideas, but the problem is to get the cow to cooperate. So far it looks like dairying will continue to involve work for a long time to come."

FIND TWO PUPPIES

Two female collie-beagle puppies were found on the Battlefield Tuesday afternoon by a guide, it was reported this morning by John C. W. Riddle, superintendent of the National Cemetery. The puppies were turned over to Dr. Richard C. Newsham, veterinarian, 301 Hanover St.

Costs for Lacie Maid and Lacie Joy, prices \$45 and \$40.50. Ray McDowell, coats, all wool, priced from \$26.95 to \$39.95, Virginia Myers, Baltimore St.

JUDGE ISSUES INJUNCTION; GETS THREAT

PITTSBURGH (AP) — A telephoned bombing threat kept detectives on an all-night vigil at the home of a Pittsburgh judge who yesterday issued an injunction restraining mass picketing at two struck Pittsburgh plants of the Westinghouse Electric Corp.

The threat was made about an hour after Judge Henry X. O'Brien issued the injunction against the CIO International Union of Electrical Workers.

Some 44,000 CIO-IUE members struck eight days ago, idling 30 of 98 Westinghouse plants across the nation in a dispute over wages, length of contract and company time studies.

The order forbids acts of violence by either side and emphasizes there shall be no "impediment, obstructing, tampering or interfering with the business of the plaintiff." It does not limit the number of pickets at the plants.

Serve your young people orange juice when they want a mid-morning or mid-afternoon cool drink. Recent studies show that both boys and girls of 13 and 14 years were deficient in Vitamin C—the vitamin that citrus fruits furnish in abundance.

4 GIRL SCOUT PATROLS FOR YORK SPRINGS

Due to the splendid interest in Girl Scouting this fall, it is necessary to have four patrols. At a recent meeting the fifth graders chose Vicki Galtfelter as their leader and Carol Shook as scribe. Last week they worked on their sewing requirements for second class scout.

Sixth graders chose Jean Kay Drake as their leader and Judy Gardner as scribe. They worked on the requirements for the minster badge. Two patrols of older girls not yet fully organized, will work on textile designing and basket-making.

Last week the birthdays of Vicki Galtfelter and Bonnie Schrade were celebrated. The mothers of the girls prepared the refreshments. The leader, Miss Mary Peters, will have six assistants this year, Miss Miriam Leer and Miss Carol Koons for the older girls. Miss Koons was a former Girl Scout and is a librarian at New Cumberland. The girls made plans for their participation in the annual Halloween parade. They will call calendars this year.

Last Sunday Miss Vivian Brumgard entertained at a birthday and tea party in honor of her mother, who observed 83rd birthday. She was the recipient of many beautiful and useful gifts. Guests were Mrs. Villius Vovokes and children, Kim and Miley, Harrisburg; Mrs. Paul Rush, Clarence Caler, Mr. Walter, and Mr. Buck, Hanover; Mr. and Mrs. Sam Brumgard and children, Dana and Amy Ann, Yardley; Mrs. Roxie Dietrick, Harrisburg, and Myrtle Brumgard. Dana Brumgard entertained with several ballet numbers. Refreshments were served.

Michael May, four-year-old son of Mr. and Mrs. Michael May, escaped serious injury on Sunday. While riding in his father's car he opened the door and fell out. His father was able to stop the car in a short distance. The youngster was taken to the office of Dr. William Flickinger and later to the Anne Warner Hospital where he remained as a patient until Tuesday noon. Injuries included brush burns and bruises.

BIRTH ANNOUNCEMENTS

SENDS RATONS BY HELICOPTER

PHILADELPHIA (AP)—The Westinghouse Electric Corp. has sent ratons by helicopter to 60 supervisors who have been inside its nearby Lester plant since a strike started there on Oct. 15.

A company spokesman said the food was delivered that way yesterday in order to "avoid a possible incident." Pickets patrol the seven gates of the big plant.

The company said it sent in enough milk, meat, bread and potatoes to last the 60 men for several days. The supervisors sleep in Pullman cars inside the plant grounds. Insurance regulations, the spokesman said, require that the supervisors stay in the plant against the chance of fire or other emergency.

The strike was called by Local 107, United electrical Workers, Independent, representing about 6,000 production employees. At issue are a supplemental contract and a revision of wage rates by the management.

Littlestown

Miss Michiko Ohta, a Japanese student at the Gettysburg Lutheran Seminary, addressed the Littlestown Rotary Club Tuesday evening, at Schott's Hotel. She enrolled at the seminary in September and, after completing two years of study, plans to return to the high school from which she was graduated in Japan, to teach English and Christian religion.

She told the Rotarians of a student's life in her native country; of the great amount of reading required in the schools and the many difficulties encountered in attaining a higher education there, mainly due to the financial needs. She said that "the literacy in Japan is 99.5 per cent." She noted the easy way of living by the American young people. She added that "although communism is taught in the Japanese schools it is felt that communism will never be accepted by the people of Japan."

The speaker was introduced by the Rev. David S. Kammerer, acting chairman of the International Service Committee. L. Robert Snyder led group singing, with Miss Barbara Swam at the piano. The invocation was given by Paul E. King. Visiting Rotarians were: Roy Hammond and Raymond H. Selzer, Gettysburg; William Montgomery, Hanover, and E. J. Powell, Upper Darby. Mrs. David S. Kammerer Sr. was the guest of the Rev. Mr. Kammerer.

Pennsylvania Week will be observed at the Rotary meeting next Tuesday at 6:15 p.m. The program will be in charge of the Classification and Membership committee, composed of Charles E. Rabenstein, chairman, A. G. Ealy, Nevaeh A. Crouse, Edward H. Leister, J. Ray Reindollar and Ernest W. Dunbar.

Dance On Friday

The Mason and Dixon Memorial VFW Post will sponsor a Halloween dance for the public Friday night from 9 to 1 o'clock, at Bankert's. Plans for the dance were completed at the semi-monthly meeting of the post Tuesday evening. Music for the dance will be provided by Dale Starry's orchestra. The committee on arrangements includes: Robert L. Snyder, Charles Bridinger and Earl J. Weaver.

Commander Earl J. Weaver presented a report on the district commanders meeting held recently. It was announced that dues are now payable to the secretary. The post will meet again November 8, 8 p.m.

SAYS VACCINE CURBED POLIO

HARRISBURG (U)—State Health Secretary Berwyn F. Mattison attributes a "very sharp drop" in the number of polio cases in Pennsylvania this year to the Salk antipolio vaccine.

Some 709 cases of infantile paralysis have been reported to the Health Department thus far this year, Dr. Mattison said, compared with 1,182 cases during 1954.

Only 21 of these cases, he told a television panel last night, were among the 406,000 school children inoculated with Salk vaccine last April while 57 cases occurred among the 17,000 children eligible for the shots but not receiving them because of parental objections or other reasons.

The 406,000 children were first and second graders who are currently receiving their second inoculation of the three-shot series.

Mattison told the panel (over WPTA's "Capitol Correspondents") that public health is gradually being removed from politics because there is "less emphasis on jobs and more emphasis on service."

Former Head Of Training School At Morganza Will Tell Probers Of Trouble

By BOB HOLTON

WASHINGTON, Pa. (U)—A former head of the Pennsylvania Training School at Morganza stood ready today to give "the full picture" of conditions at the school to a legislative investigation committee. Chester L. Sterling, who resigned as superintendent of the state-operated school for delinquents, gave an outline of his early days at Morganza before the hearing closed shortly before last midnight.

The committee heard testimony for nine hours as it launched a probe into conditions at the school. Sterling's testimony followed that of four members of the Pittsburgh Sun-Telegraph staff who claimed inmates of the school were being mistreated.

Sterling said his program during the three years he was superintendent dealt primarily with occupational therapy.

Opposed Cruelty

Sterling, a former high-ranking member of the Pittsburgh educational system, said he ran the school "as a schoolman would run it."

He said he never authorized use of cruel detention facilities but did isolate some children to "bawl them out when they were misbehaving."

Sen. Lane (D-Washington), committee co-chairman, said several inmates of the school also would be heard today.

Among those who testified yesterday were Mrs. Judy Blaque, attractive brunette who listed her occupation as an "exotic dancer."

Mrs. Blaque said she posed as a job seeker and was hired as an attendant at the school. She said she did this to gain information for the Sun-Telegraph.

Called Unqualified

Mrs. Blaque joined with members of the newspaper in saying George W. Miles, present superintendent, was unqualified for the post.

The others who made the same claim were J. Alex Zehner, assistant managing editor of the newspaper; Mrs. Pat McCormick and Cheler Harris, both reporters, and a staff photographer.

A former investigator in the school's social service department testified that Miles "inherited a very difficult situation when he took over management of the school in August, 1954."

In later testimony however, Ross Holosopple, stated in answer to a direct query on his opinion of Miles:

Cited Cruel Treatment

"To my way of thinking he certainly was not running the school the way I thought it should be run."

IKE'S ILLNESS WILL MAKE REDS MORE CAUTIOUS

By JOHN M. HIGHTOWER

GENEVA (U)—Things that happen on the margin of the Big Four conference opening here tomorrow may have a more decisive effect on future East-West relations than the clash of issues and personalities within the conference itself.

President Eisenhower's illness is one of the events which throw a long shadow over this meeting. Despite his improvement, some diplomats think the uncertainty about his political future will make the Soviet government more cautious and suspicious in dealing with the United States than the Russians were at the summit conference in July.

Another important event is 79-year-old West German Chancellor Konrad Adenauer's siege of bronchial pneumonia.

From the West's point of view, Adenauer is perhaps the single most essential man in European politics today.

Peace Prospects Hurt

In another area, troubles in the Middle East—including Russia's bid for influence with the Arabs and the anti-French uprisings in North Africa—have upset prospects for world peace despite the friendlier East-West relations in Europe.

With Egypt arranging to get Communist arms from Czechoslovakia, the developing Arab-Israel arms race is a good bet to become a Geneva issue.

The North African crisis has sapped French strength from Europe and diverted attention from the East-West issue at an important moment. Now the French are faced with another diversion in the heart of Europe.

The 2-to-1 rejection by voters of the Saar Sunday of a French-German plan to "Europeanize" the rich valley has created a potentially grave threat to future harmony between Paris and the West German government at Bonn.

Oppose Agreement Now

Basically, Western experts believe Russia wants to relax the West's political unity and military strength rather than to produce a permanent settlement now.

Particularly with respect to Germany, the Soviets may be playing for time. They may believe that West Germany's adherence to the North Atlantic Alliance and the new Western European Union is not unshakeable but rather depends on the strong leadership so long exerted by Adenauer.

Western officials, including believe Adenauer's policies have a sound basis of popular support in West Germany and will prevail after his retirement or death.

Former Head Of Training School At Morganza Will Tell Probers Of Trouble

By BOB HOLTON

WASHINGTON, Pa. (U)—A former head of the Pennsylvania Training School at Morganza stood ready today to give "the full picture" of conditions at the school to a legislative investigation committee. Chester L. Sterling, who resigned as superintendent of the state-operated school for delinquents, gave an outline of his early days at Morganza before the hearing closed shortly before last midnight.

The committee heard testimony for nine hours as it launched a probe into conditions at the school. Sterling's testimony followed that of four members of the Pittsburgh Sun-Telegraph staff who claimed inmates of the school were being mistreated.

Sterling said his program during the three years he was superintendent dealt primarily with occupational therapy.

Opposed Cruelty

Sterling, a former high-ranking member of the Pittsburgh educational system, said he ran the school "as a schoolman would run it."

He said he never authorized use of cruel detention facilities but did isolate some children to "bawl them out when they were misbehaving."

Holsoepf said he submitted a report to Miles which cited instances of cruel treatment of patients in isolation cells.

"Nowhere did I ever see such conditions as I described in this report," he said.

He said Miles had no statement about what he planned to do about the conditions mentioned. He said there were many good points of the school such as an academic program and some rehabilitation work.

He said he resigned nine months ago after nine years of service because he "no longer enjoyed his work."

In another area, troubles in the Middle East—including Russia's bid for influence with the Arabs and the anti-French uprisings in North Africa—have upset prospects for world peace despite the friendlier East-West relations in Europe. With Egypt arranging to get Communist arms from Czechoslovakia, the developing Arab-Israel arms race is a good bet to become a Geneva issue.

The North African crisis has sapped French strength from Europe and diverted attention from the East-West issue at an important moment. Now the French are faced with another diversion in the heart of Europe.

The 2-to-1 rejection by voters of the Saar Sunday of a French-German plan to "Europeanize" the rich valley has created a potentially grave threat to future harmony between Paris and the West German government at Bonn.

Oppose Agreement Now

Basically, Western experts believe Russia wants to relax the West's political unity and military strength rather than to produce a permanent settlement now.

Particularly with respect to Germany, the Soviets may be playing for time. They may believe that West Germany's adherence to the North Atlantic Alliance and the new Western European Union is not unshakeable but rather depends on the strong leadership so long exerted by Adenauer.

Western officials, including believe Adenauer's policies have a sound basis of popular support in West Germany and will prevail after his retirement or death.

4 GIRL SCOUT PATROLS FOR YORK SPRINGS

Due to the splendid interest in Girl Scouting this fall, it is necessary to have four patrols. At a recent meeting the fifth graders chose Vicki Galtfelter as their leader and Carol Shook as scribe. Last week they worked on their sewing requirements for second class scout.

Sixth graders chose Jean Kay Drake as their leader and Judy Gardner as scribe. They worked on the requirements for the minstrel badge. Two patrols of older girls, not yet fully organized, will work on textile designing and basket-making.

Last week the birthdays of Vicki Galtfelter and Bonnie Schrade were celebrated. The mothers of the girls prepared the refreshments. The leader, Miss Mary Peters, will have six assistants this year, Miss Miriam Lee and Miss Carol Koons for the older girls. Miss Koons was a former Girl Scout and is a librarian at New Cumberland. The girls made plans for their participation in the annual Halloween parade. They will sell calendars this year.

Last Sunday Miss Vivian Brumgard entertained at a birthday and tea party in honor of her mother, who observed 83rd birthday. She was the recipient of many beautiful and useful gifts. Guests were Mrs. Visluis Vokkes and children, Kim and Miley, Harrisburg; Mrs. Paul Rusk, Clarence Caler, Mr. Walcott, and Mr. Buck, Hanover; Mr. and Mrs. Sam Brumgard and children, Dana and Amy Ann, Yardley; Mrs. Roxie Deatrick, Harrisburg, and Myrtle Brumgard. Dana Brumgard entertained with several ballet numbers. Refreshments were served.

Michael May, four-year-old son of Mr. and Mrs. Michael May, escaped serious injury on Sunday. While riding in his father's car he opened the door and fell out. His father was able to stop the car in a short distance. The youngster was taken to the office of Dr. William Flickinger and later to the Anne Warner Hospital where he remained as a patient until Tuesday noon. Injuries included brush burns and bruises.

SENDS RATONS BY HELICOPTER

PHILADELPHIA (AP)—The Westinghouse Electric Corp. has sent rations by helicopter to 60 supervisors who have been inside its nearby Lester plant since a strike started there on Oct. 15.

A company spokesman said the food was delivered that way yesterday in order to "avoid a possible incident." Pickets patrol the seven gates of the big plant.

The company said it sent in enough milk, meat, bread and potatoes to last the 60 men for several days. The supervisors sleep in Pullman cars inside the plant grounds. Insurance regulations, the spokesman said, require that the supervisors stay in the plant against the chance of fire or other emergency.

The strike was called by Local 107, United Electrical Workers, Independent, representing about 6,000 production employees. At issue are a supplemental contract and a revision of wage rates by the management.

TEWENTY-FIVE YEARS AGO
Teachers Get \$3,000 Salary Boost
In Town: Gettysburg teachers' salaries for the present year will be exactly \$3,000 more than the 1929-30 total, according to a report filed with the state department of public instruction at Harrisburg by George P. Black, secretary of the Gettysburg school district.
The total spent on teachers' salaries last year was \$53,920 of which \$29,400 went for high school teachers and \$24,520 for grade teachers. This year's salary list totals \$56,920.
L. C. Keefe, the supervising principal, was given a boost of \$900 a year to \$3,600, his salary now exceeding that of W. Raymond Shank, Adams county superintendent of schools, who receives \$3,500 annually.

County Voters Total 20,049:
There are approximately 100 more voters registered as democrats in Adams county than there are persons registered as members of the republican party, data issued today by George D. Thorn, chief of the election bureau, in Harrisburg, reveals. The total registration is 20,049.

While the democrats have the edge on the republicans in the total, the women registered as republicans number more than those registered as democrats, while a majority of the male voters of this section appear to favor the democratic organization.

Collect Seeds Of Evergreens:
District foresters of the Pennsylvania Department of foresters and waters are now busy collecting the ripening seed of ash, hemlock, pitch pine and black locust trees in the forests near Caledonia. Large quantities of these seeds will be gathered and then shipped to the department's seed extraction plant at the state forest tree nurseries at Mt. Alto.

That a much greater bulk of material must be gathered than is finally available for sowing is illustrated by the fact that it takes one bushel of white pine cones to produce one pound of seed, one bushel of red pine cones to produce only a half pound of seed and one bushel of hemlock cones to yield two pounds.

Blame Fire On Cigar Tossed In Barnyard:
A cigar or cigarette thoughtlessly thrown into a straw-covered barnyard by a passing motorist is believed responsible for a fire which destroyed the barn on the farm of Raymond Dunlap, near Wenksville, Wednesday afternoon with a loss of \$3,300.

All of the season's crops, the hog pen and chicken house were also consumed by the flames but the livestock and most of the machinery were saved.

Science Study In Schools Of County Grows:
"Why can birds sit on electric wires?" "What makes the grass green?" and questions of a similar nature no longer remain unanswered in Adams county high schools.

With a veritable army of young people engaged in the study of science subjects, there is little fear that the affairs and mysteries of everyday life are being neglected in the instruction given in these institutions.

There are eleven science subjects studied by the students, agriculture, astronomy, biology, botany, chemistry, general science, geology, nature study, physics, physical geography and zoology.

The science subject pursued by the largest number of pupils is general science, most recent addition to the sciences taught by the schools, with about half of all students engaged in studying sciences enrolled in that course.

Big Airship Is Visitor Here:
Adams county had an unexpected visitor Tuesday afternoon when the dirigible Los Angeles passed over the county. The great silver bag was between Gettysburg and Biglerville and at an altitude of about 1,500 feet when it passed over this section of the county shortly after 1 o'clock.

Today's Talk
A SPECIAL HOUR

Twenty-four hours a day are allotted to each one of us. We can do with them as we choose. How few of us make the most of this opportunity! Surely it should not be too difficult to select one of these hours in which to do something special, interesting and educational.

What a valuable hour can be devoted to some sort of a hobby, or special study. One hour a day spent in reading can make anyone well read and an interesting conversationalist. An hour each day, set aside, can prove a most valuable investment over the years. Set that extra hour apart from all others and you will be amazed how your life can be made far more interesting by filling that hour with fun, new knowledge and something creative.

When you do something you want to do, time becomes speedy! Think how interesting you can make a special hour set aside for personal improvement and recreation. That hour can be relaxing, too. It does not seem like work when you do something you want most to do. You can make that special hour the best of all the active ones in the twenty-four.

Once you get interested in the reading of books you will probably expand your hour of reading into many, for books take you to all corners of the earth and you talk with the humblest and greatest through the reading of selected books.

Many of us just wander around in several of the hours of the day. If we formed the habit of concentrating into one hour many a special occupation and interest, we would improve our mind and waste less of our time. Most of our unhappily hours can be charged up to time in which there has been very little interesting to do.

Tomorrow Mr. Adams will talk on the subject: "Say The Nice Things"

EYES
When you rubs the bottom stair
Or the top one fall to see
Or you bump into a chair,
One good reason there may be.
If a friend you hurry by
Whom you failed to recognize
Leaving him to wonder why,
It's your eyes.

When, at table, you would pour
Steaming coffee in the cup
But it flows upon the floor
And they have to mop it up;
When you call her Mrs. Gray
Though she's known as
Mrs. Wise,
This is all that's left to say:
It's your eyes.

When the other fellow's hat
Is the one you wear away;
When you think the floor is flat
And you trip and drop the tray;
When you trump your partner's ace
And at you she fairly flies,
Anger stamped upon her face,
It's your eyes.

re-construction of the center square grass plot, an engineering corps of the state highway department was securing grades and lines around the square this morning. Two thousand dollars has been made available by the Adams county commissioners and the highway department for part of the improvements.

Tentative plans include the removal of the present six foot walk around the outer edge of the grass plot thereby increasing the driving space around the square. Present plans also call for removal of the unsightly pile of bricks, supporting a light standard in the center of the grass plot and the erection on that site of a memorial, probably to president Lincoln.

It is planned to ask the light and telephone companies to remove poles now standing on several corners of the square and lines which now cross center square.

UNIFORM HOT DOG
LOUISVILLE, Ky. (P)—Purchasing officials of 36 states have agreed on standard specifications for the hot dog, as well as for hundreds of other meat products. They adopted the standards yesterday at the opening meeting of the national assn. of state purchasing officials. All 48 states are expected to follow suit. Standards for the lowly hot dog are set forth in four single-spaced typewritten pages.

**UNION FORCES
70,000 WORKERS
INTO IDLENESS**

By TOM BRENNAN

PITTSBURGH (P)—The independent United Electrical Workers went on strike against Westinghouse Electric Corp. early today, bringing to about 70,000 the total of the firm's employees idled by contract disputes.

Pickets promptly appeared at Westinghouse plants in Pittsburgh and Derby, Pa.
The midnight walkout was the second by Westinghouse production and maintenance workers within 10 days. On Oct. 16, the CIO International Union of Electrical Workers—44,000 strong—closed down 30 Westinghouse plants. That walkout idled an additional 10,000 supervisory and engineering personnel.

The UE claims 17,000 members. However, Westinghouse said the union has some 10,500 members in 10 plants.

Wages, Incentive Pay
Some 7,000 UE members at Westinghouse's Big South Philadelphia plant have been out on strike since Oct. 14. The issues in that strike are wages, job classifications and incentive pay. A similar strike has idled some 800 workers in Jersey City, N. J.

Like the CIO-UE, the UE has rejected a proposal for a five-year agreement which the company says provides for raises totaling 23½ cents an hour over that period. Production employees now average \$2.10 an hour.

James J. Matles, UE director of organization, issued the strike call. He said Westinghouse has refused "to move from its demand for a five-year blackout on collective bargaining with a 3 per cent wage increase," adding:

Want Wage Boost
"The UE is demanding that the company honor its existing one-year contract and grant a 15 cents per hour wage increase in line with the UE settlements in Westinghouse Air Brakes Co. and Phelps-Dodge Corp."

Both the CIO-UE and the UE signed two-year contracts with Westinghouse last year. The contracts each had provisions for wage reopening this year.

Robert D. Blasier, Westinghouse vice president in charge of industrial relations, said the UE had taken the same position as the CIO-UE.

"Unfortunately, the UE leaders have pushed their members into a losing battle which will bring them only needless financial hardship," the UE representative, Westinghouse employees at Philadelphia, Pittsburgh, and Derry, Pa. Bridgeport, Conn., Chicago, Detroit, Seattle, Wash., and Sunnyvale and

Emeryville, Calif.
Further negotiations sessions were scheduled today between the company and the CIO-UE. Friday was given as the tentative date for resumption of talks with the UE.

W. F. Rockwell Jr., president of Rockwell Manufacturing Company, Pittsburgh, who was recently elected president of the Pennsylvania State Chamber of Commerce for the coming year, Rockwell, whose company operates 15 plants in 10 states, including Pennsylvania plants at Pittsburgh, DuBois and Uniontown, succeeds Joseph C. Feazley, Armstrong Cork Company, Lancaster, as head of the state chamber. He is 41 and the youngest man to lead the statewide business organization, made up of over 4,000 business and industrial executives.

**Reading To Spend
\$12,450,000 This Year**

PHILADELPHIA (P)—The Reading Railroad is spending \$12,450,000 for 1,400 freight cars and \$1,935,000 for roadbed improvements during the rest of this year.

Joseph A. Fisher, president of the company, said yesterday the projects are in keeping with the railroad's overall modernization program designed to meet expanding requirements of freight shippers and receivers. The freight cars will be delivered in 1956.

The roadbed improvements include reconstruction of the double track Sheeps Dam bridge over the Schuylkill River at Reading, at a cost of \$1,525,000, and the establishment of a new connection between the Reading Belt-Lebanon Valley branches and the Blandon cutoff west of Reading, at a cost of \$409,500.

PLAINWELL, Mich. (P)—Violet Rake, proprietress of the Fly Inn, was given a suspended fine of \$100 for permitting too many flies in her restaurant. A state inspector said: "We found the place full of flies."

The first alarm was sounded at 2:04 a.m., and a general alarm 18 minutes later.
A damage estimate was not immediately available, nor was the cause of the fire determined.

**Seek New Contract
For Plant Workers**

WASHINGTON (P)—Negotiations have begun on proposals for a new contract for employees in plants of the West Virginia Pulp and Paper Co.

The present contract, which covers some 3,500 workers at plants in Williamsport, Pa., Covington, Va., and Luke, Md., expires Nov. 17. The workers are members of the United Paper Workers of America, CIO.

After exchanging proposals for the contract yesterday, Thomas M. McCrory, a company official, said discussions of the proposals are scheduled to begin today and that, based on past experience, probably will last about 10 days.

**200 FIREMEN
BATTLE FIRE IN
SHORE HOTEL**

ATLANTIC CITY, N. J. (P)—A smoky blaze caused heavy damage today to a small hotel and four shops in the heart of this resort's business district. Three firemen were injured.

Fifteen guests at the Hotel Anlauf were evacuated safely from the frame building at Atlantic and Mount Vernon avenues.

More than 200 firemen were called out to battle the stubborn flames.

A family of four fled from a guest house across from the burning building, but returned when the danger of spreading fire was over. Dense smoke blanketed the fire scene, about two blocks from the City Hall.

The 27-room hotel, operated by Mrs. Betty Anlauf, is three stories high at some parts and two stories at others. Mrs. Anlauf said she was asleep when she heard shouts of fire.

The three firemen hurt were Andrew Wilson, 29, David M. Reilly, 28, and Michael Previti, 42. Wilson was hit by falling debris and suffered a possible fractured shoulder and possible concussion. He was admitted to Atlantic City Hospital.

Previti, overcome by smoke, and Reilly, who fell 10 feet from one roof to another, were released after treatment at the hospital.

Authorities said the blaze apparently started at the top of a hardware store alongside the hotel. Three other shops on Atlantic Avenue—a general store, a children's wear shop and a dress shop—were affected.

The first alarm was sounded at 2:04 a.m., and a general alarm 18 minutes later.

A damage estimate was not immediately available, nor was the cause of the fire determined.

**MINISTER WINS
\$32,000 QUIZ
ON JAZZ MUSIC**

NEW YORK (P)—The Rev. Alvin L. Kershaw has won \$32,000 on the CBS television and radio show The \$64,000 Question with his knowledge of jazz.

He can try for the grand prize next Tuesday night, or quit with his winnings.

The Rev. Mr. Kershaw, 36, rector of the Holy Trinity Episcopal Church at Oxford, Ohio, got over the \$32,000 hurdle last night by answering a complicated question about a 1925 recording of Louis Armstrong.

Another contestant, Don E. Self Jr., a physicist from El Paso, Tex., decided to quit with the \$16,000 he had won in three appearances on the show and not try for the \$32,000 question in his mythology category.

To Educate Son

Self, 24, who is working on Long Island, said the money will be used for the education of his son Clifford, 5 months, and toward the purchase of a home in El Paso for his family.

The Rev. Mr. Kershaw's \$32,000 question was about one of the earliest recordings made by Armstrong, the cornetist, as leader of his own group. It contained a vocal by Armstrong of a popular song of the day, with Armstrong singing what is regarded as the first example of "scat singing" ever recorded.

The clergyman answered correctly that: (1) the name of the tune was "Heebie Jeebies"; (2) the group was Louis Armstrong and His Hot Five; (3) the names of the recording group and the instrument each played were Armstrong, cornet; Kid Ory, trombone; Johnny Dodds, clarinet; John St. Cyr, banjo; and Armstrong's wife Lil Hardin Armstrong, piano.

**GODFREY FIRES
THREE WORKERS
FROM HIS STAFF**

NEW YORK (P)—A coproducer, an orchestra leader and an announcer have been fired from Arthur Godfrey's radio-television staff without forewarning or any reason given by their boss.

They were the latest of 12 firings by Godfrey in a little over six months.

The dismissals were announced by CBS yesterday while Godfrey was at Harrisburg, Pa., for the Pennsylvania National Horse Show. CBS simply said Godfrey gave no reasons for the firings. When questioned about this at Harrisburg, Godfrey replied:

"Do I have to give reasons? I'm running this job and if I can't

fire and hire people to suit myself, I'm going to quit myself.
"It is my show and when I see it is time to make changes, I make them."

On Job 10 Years

The three dismissed were Larry Puck, a Godfrey coproducer for five years, Jerry Bresler, musical conductor on the "Arthur Godfrey Talent Scouts" program for two years, and George Bryan, announcer on the same program since it started 10 years ago.

All three said they had last seen their boss face-to-face a week before when the Talent Scouts program was broadcast. He seemed happy then, they said, and gave no indication of wanting to fire anyone.

Puck had at one time been producer of Arthur Godfrey and his Friends, but lost this job last December after his engagement to Marion Marlowe, a singer on Godfrey's staff, was announced. He continued as coproducer of the talent scouts show.

Miss Marlowe, 26, and Puck, 38, were married last June 5, nearly two months after she, five other singers and three writers were fired from the Godfrey team April 15.

In response to many persistent inquiries, here are the facts about a judge's pension and retirement.

- (1) My father, Judge Donald P. McPherson, never accepted a pension or retirement.
- (2) For the past seven years I have been eligible to join the State Employees' Retirement Fund, but I am not a member and I will not join.
- (3) There is no judge's pension today. To get retirement a judge has to join the State Employees' Retirement Fund like any other State employee.
- (4) The judge's salary is paid by the State.
- (5) If an employee leaves State employment voluntarily he is not entitled to retirement unless he has served 25 years or is age 60. What he has paid in to the fund is returned to him with interest.
- (6) Since my opponent is a candidate for another 10 years, if defeated, he would retire involuntarily and would be eligible for a retirement annuity under Option 1 of \$3,000.00 per year, with a minimum to be received of \$38,000.00, of which amount \$12,000.00 is contributed by him and \$26,000.00 by the State taxpayers.
- (7) It will cost more if my opponent is elected for another 10 years because his retirement annuity under Option 1 under present conditions at the end of 30 years would be \$8,400.00 per year, with a minimum to be received of \$76,000.00, of which \$20,000.00 is contributed by him and \$56,000.00 by the State taxpayers.

If you, the taxpayer, want Economy in Government, Vote for McPherson for Judge.

He will do the job well and he will not accept any retirement.

Bob Davies Tells Little Leaguers To Work Hard And "Have Faith," At Banquet

Little League players were urged by Robert Davies, Gettysburg College basketball and soccer coach, to practice, work hard and have faith in themselves in whatever profession they choose, at the annual dinner tendered the four squads by the league Tuesday evening at the Shetter House.

Dick Altomere, league president, presided at the dinner which was attended by 65 players, managers, league officials and guests.

"If you want to be good at anything you must take your God-given talent and put it to use," Davies told the youngsters, "Work at it, practice and then practice some more."

George Mikan Story

Davies, one of the top professional basketball stars as a member of the Rochester Royals, recounted the history of George Mikan, who became the top professional basketball star and has been acclaimed as the best basketball player in the history of the game. Mikan graduated from his high school as but a fair player and with his brother, Joe, attempted to enter Notre Dame. They were turned down when the Irish coach felt that George Mikan did not have the ability to succeed although giving his brother a better chance.

Turning to DePaul University, they were accepted reluctantly after Joe Mikan refused to enter without his brother, George.

Davies told the group that it was only through the determined efforts of George that he became the top basketball performer of all time, citing how he would practice alone before and after regular hours until he reached perfection.

Davies also cited briefly his own background in succeeding as a player at Edison Junior High School and John Harris High School in Harrisburg despite his small stature but with the desire to satisfy the faith of his father in his ability to succeed.

Let God Help

"It is important you have faith. Faith in your parents, yourself, school, teachers, fellow players and the Bible. Remember all things come through God. Without Him you would be nothing. Let Him help you and everything will work out all right. Take part in all athletics and keep playing and working hard all the time," Davies said in concluding. The invocation was given by Atty.

Holman Favored Over Smith Tonight

MIAMI BEACH, Fla. (AP) — Big John Holman of Chicago will outweigh Boardwalk Billy Smith of Atlantic City, N.J., by about 25 pounds when the two ring veterans clash tonight in a nationally televised fight over the 10-round route.

Holman, who has knocked out Cesar Brion and Ezzard Charles, will enter the ring at about 202 pounds and is an 8 to 5 favorite.

Smith, who built up a series of knockouts before he was topped by Paul Andrews in Miami last December, hasn't fought since then but was the No. 1 challenger for the light heavy crown at that time.

S. Mack Raffensperger, one of the league directors.

Representatives of team sponsors were introduced including Merle Hankey, Moose, John Hostetter, Rotary; Earl E. Zeigler, Lions, and Glenn L. Bream, Bream Garage.

League officers introduced were Charles Smith, Lions; William Lentz, Rotary; Attorney Raffensperger, Bream Garage, and Eugene Cole, Moose.

Managers Present

Also introduced were the following team managers and assistant managers: Robert Signor, Bream Garage; Robert Miller, Moose; Jack Bream, Rotary; Robert Weikert, assistant manager of the Bream Garage, and William Decker, assistant coach of the Moose.

"Chick" Dudley, a Gettysburg College student who served as an umpire and Don Bream, of The Gettysburg Times, were additional guests.

President Altomere reported the trophy to be presented the Glenn L. Bream garage team, season will be placed on display in the office at the garage in the near future. He also stated shoulder patches will be presented each member of the squad.

Olson-Robinson Bout Off Month

CHICAGO (AP)—The International Boxing Club figures it will take Sugar Ray Robinson, who suffered an ankle injury, a month to get well and back in shape for his title fight against middleweight champion Bobo Olson.

The IBC postponed the Chicago Stadium fight scheduled for Nov. 4 to Dec. 9 because of Sugar Ray's injury.

Robinson, the IBC said, sprained his ankle while training Sunday and tried to work out yesterday but couldn't because of the pain.

At his Greenwood Lake, N. Y., camp, Robinson said, "I am at a loss for words. I'm so disappointed. I was in excellent condition."

Olson broke camp and planned to go to his San Francisco home for a layoff of several weeks.

"I'm naturally disgusted," said the champion. "I've put in a lot of work for nothing."

Team Standings

That left the team standings this way: United States 4 1/2 faults; Canada 8 faults; Ireland 16 faults; Mexico 26 faults.

The jumping was scored on the basis of the best performance by a single rider on two horses. The final class will be held Friday.

In the first four international competitions at the show, the Mexicans have won two events and the United States and Irish one each.

Pennsylvania first place winners in Tuesday's domestic classes: Open stock horses—Comet-Bailey, Tex Greenwell, Philadelphia, Haney working hunters—Bronze Wing, Walter Wickes Jr., Northbrook. Open single sheldan points—King's Brown Flash, Sumbury.

YANKEE BEATS CANADIAN FOR FIRST U.S. WIN

HARRISBURG (AP) — Billy Steinkraus, a Fairfield County, Conn., rider, gave the United States team its first victory of the 1955 Pennsylvania Horse Show last night with a faultless ride on his final mount in the second leg of the international low score competition.

Steinkraus had completed his first run-around the 10-jump course with four faults on Night Owl. He remounted for a perfect spin on Saxon Wood to give him an elapsed time of 73.4 seconds, beating out Canadian team Captain W. R. Ballard who took his two horses over the jump course with four faults but required 88.6 seconds.

Team Standings

That left the team standings this way: United States 4 1/2 faults; Canada 8 faults; Ireland 16 faults; Mexico 26 faults.

Laurel Meet Will Open On Saturday

LAUREL, Md. — Jockey T. M. Burns, 20-year-old native of Belfast, today was named as the rider of Panaslipper, Ireland's representative in the Washington, D. C., International at Laurel on November 11.

Laurel opens its fall season Saturday.

Burns will act as a replacement for Tommy Gosling, previously announced as the rider in the Laurel turf classic. Trainer Paddy Prendergast appointed Burns as rider of the famed Irish Derby winner when it was apparent that the Irish racing public preferred to have their international hopeful handled by a native son, indicating the tremendous national interest that Panaslipper's entry has generated. Panaslipper will run in the colors of President Sean T. O'Kelly of Ireland.

State got the ball on its own 17. Bruce stopped two State running plays and, on third down, broke up an attempted forward pass. State had to punt. The Mountaineers took over and drove for a score with Bruce providing some good interference.

This is not the first time Bosley has won linemen of the week honors. As a sophomore in 1953 he also gained the coveted award.

Others nominated included tackle Bob Pollock of Pitt and center Bob Pellegrini of Maryland.

Garden State Race Is Horseman's Race

CAMDEN, N.J. (AP)—The approximately \$300,000 Garden State Stakes for the class of the two-year-old field Saturday is a horseman's race.

So says Eugene Mori, president of Garden State Park. And he cites the way the purse money is collected, and the amount, to prove his point.

Garden State puts up \$100,000, about one-third of the purse. The horsemen contribute the rest in nominating, entry, and post fees.

These figures are round since the exact value is difficult to determine until after the race.

Why do they do it? Mori says it's because they feel the race is necessary, that it adds interest to the two-year-old competition and tends to separate the class from the also-rans in the juvenile field. Besides that, it sends the sophomores over a mile and a sixteenth distance for the first time and gives an active line on the next year's Kentucky Derby prospects.

MOUNTAINEER TACKLE NAMED WEEK'S LINEMAN

By TED MEIER

The Associated Press

Bruce Bosley, West Virginia tackle once described by his coach Art Lewis as "the man I'd most hate to meet in a dark alley," was selected today as the Associated Press Lineman of the Week.

Bosley, a 225-pound senior from Greenbank, W. Va., earned the award for his superlative play last Saturday that helped the 7th-ranked Mountaineers overpower an inspired Penn State aggregation 21-7.

Big Bruce played a tremendous game in the second half as the Mountaineers came from behind to beat the Nittany Lions. He was constantly breaking through and dumping State's backs for losses.

With the score tied at 7-7 Bruce helped set up what proved to be West Virginia's winning touchdown. State got the ball on its own 17. Bruce stopped two State running plays and, on third down, broke up an attempted forward pass. State had to punt. The Mountaineers took over and drove for a score with Bruce providing some good interference.

This is not the first time Bosley has won linemen of the week honors. As a sophomore in 1953 he also gained the coveted award.

Others nominated included tackle Bob Pollock of Pitt and center Bob Pellegrini of Maryland.

Garden State Race Is Horseman's Race

CAMDEN, N.J. (AP)—The approximately \$300,000 Garden State Stakes for the class of the two-year-old field Saturday is a horseman's race.

So says Eugene Mori, president of Garden State Park. And he cites the way the purse money is collected, and the amount, to prove his point.

Garden State puts up \$100,000, about one-third of the purse. The horsemen contribute the rest in nominating, entry, and post fees.

These figures are round since the exact value is difficult to determine until after the race.

Why do they do it? Mori says it's because they feel the race is necessary, that it adds interest to the two-year-old competition and tends to separate the class from the also-rans in the juvenile field. Besides that, it sends the sophomores over a mile and a sixteenth distance for the first time and gives an active line on the next year's Kentucky Derby prospects.

St. Louis University Is Put On Year's Probation; Wichita, Baylor Scolded

By CHARLES CHAMBERLAIN

CHICAGO (AP)—The universities of St. Louis, Baylor and Wichita have been punished for violating the NCAA athletic code.

A one-year probation was handed to St. Louis by the 18-man council, the NCAA's policy-directing body. The lesser punitive measure of a reprimand was given to Wichita and Baylor.

The probation, which places St. Louis under surveillance, was for a violation in offering a prospective athlete more financial aid than the rules of the Missouri Valley Conference and NCAA permit.

The reprimand, more or less a public slap on the wrist, was given Baylor for providing transportation to the prospective athletes on a campus visit.

At Waco, Tex., Dean Abner McCall of Baylor said that the athletes were Jerry Tubbs, now at Oklahoma, and Bobby Jack Keith, now at Texas A&M.

Incidents 2 Years Old

McCall said that the incidents occurred in 1953 and that the two Breckenridge, Tex., preps visited Baylor and other colleges in Keith's auto.

"When they left, Baylor paid them 6 cents a mile transportation expenses one way," he said. "This money was provided from the Ex-Student's Assn. fund. According to the rules, 6 cents a mile was allowed for the transportation of athletes if the ex-students paid the money. . . . But it was handed to the boys by a Baylor coach. That is the reason for the trouble."

Wichita's reprimand came on a violation of paying transportation costs of one prospective athlete to the campus.

Blames Alumnus

In Wichita, the university in a statement said an "investigation disclosed the violation did occur two summers ago and the matter has been properly dealt with by the president and athletic director."

At St. Louis, Athletic Director Ed Hickey said the penalty resulted from the activities of an alumnus without the knowledge of the university.

The athletes involved at both St. Louis and Wichita were unidentified. The council said the athlete at St. Louis was a basketball player who no longer is a student there.

Bob Davies Tells Little Leaguers To Work Hard And "Have Faith," At Banquet

Little League players were urged by Robert Davies, Gettysburg College basketball and soccer coach, to practice, work hard and have faith in themselves in whatever profession they choose, at the annual dinner tendered the four squads by the league Tuesday evening at the Shetter House.

Dick Altomese, league president, presided at the dinner which was attended by 65 players, managers, league officials and guests.

"If you want to be good at anything you must take your God-given talent and put it to use," Davies told the youngsters. "Work at it, practice and then practice some more."

George Mikan Story

Davies, one of the top professional basketball stars as a member of the Rochester Royals, recounted the history of George Mikan, who became the top professional basketball star and has been acclaimed as the best basketball player in the history of the game. Mikan graduated from his high school as but a fair player and with his brother, Joe, attempted to enter Notre Dame. They were turned down when the Irish coach felt that George Mikan did not have the ability to succeed although giving his brother a better chance.

Turning to DePaul University, they were accepted reluctantly after Joe Mikan refused to enter without his brother, George.

Davies told the group that it was only through the determined efforts of George that he became the top basketball performer of all time, citing how he would practice alone before and after regular hours until he reached perfection.

Davies also cited briefly his own background in succeeding as a player at Edison Junior High School and John Harris Junior High School in Harrisburg despite his small stature but with the desire to satisfy the faith of his father in his ability to succeed.

Let God Help

"It is important you have faith. Faith in your parents, yourself, school, teachers, fellow players and the Bible. Remember all things come through God. Without Him you would be nothing. Let Him help you and everything will work out all right. Take part in all athletics and keep playing and working hard all the time," Davies said in concluding. The invocation was given by Atty.

Holman Favored Over Smith Tonight

MIAMI BEACH, Fla. (AP) — Big John Holman of Chicago will outweigh Boardwalk Billy Smith of Atlantic City, N.J., by about 25 pounds when the two ring veterans clash tonight in a nationally televised fight over the 10-round route.

Holman, who has knocked out Cesar Brion and Ezzard Charles, will enter the ring at about 202 pounds and is an 8 to 5 favorite.

Smith, who built up a series of knockouts before he was topped by Paul Andrews in Miami last December, hasn't fought since then but was the No. 1 challenger for the light heavy crown at that time.

Boardwalk Billy has scored 33 knockouts and 58 victories in 86 fights. A year ago Smith belted out Harold Johnson in two rounds and has lost only to Andrews and Archie Moore since 1951.

Holman has been fighting nine years. He has won 27 of 39 fights with 16 knockouts.

S. Mack Raffensperger, one of the league directors.

Representatives of team sponsors were introduced including Merle Hankey, Moose, John Hostetter, Rotary, Earl E. Zeigler, Lions, and Glenn L. Bream, Bream Garage.

League officers introduced were Charles Smith, Lions; William Lentz, Rotary; Attorney Raffensperger, Bream Garage, and Eugene Cole, Moose.

Also introduced were the following team managers and assistant managers: Robert Signor, Bream Garage; Robert Miller, Moose; Jack Bream, Rotary; Robert Weikert, assistant manager of the Bream Garage, and William Decker, assistant coach of the Moose.

"Chick" Dudley, a Gettysburg College student who served as an umpire and Don Bream, of The Gettysburg Times, were additional guests.

President Altomese reported the trophy to be presented the Glenn L. Bream garage team, season will be placed on display in the office at the garage in the near future. He also stated shoulder patches will be presented each member of the squad.

Olson-Robinson Bout Off Month

CHICAGO (AP)—The International Boxing Club figures it will take Sugar Ray Robinson, who suffered an ankle injury, a month to get well and back in shape for his title fight against middleweight champion Bobo Olson.

The IBC postponed the Chicago Stadium fight scheduled for Nov. 4 to Dec. 9 because of Sugar Ray's injury.

Robinson, the IBC said, sprained his ankle while training Sunday and tried to work out yesterday but couldn't because of the pain.

At his Greenwood Lake, N. Y., camp, Robinson said, "I am at a loss for words. I'm so disappointed. I was in excellent condition."

Olson broke camp and planned to go to his San Francisco home for a layoff of several weeks.

"I'm naturally disgusted," said the champion. "I've put in a lot of work for nothing."

BIGLER JUNIOR HIGH WALLOPS HANOVER 27-0

Bigler Junior High School evened its football record at 2-2 by lacing the Hanover Junior High Spiders 27-0 at Biglerville Tuesday afternoon.

A pair of long runs by Vance Johnson, quarterback, and two TD interceptions gave Coach Roderic Lardes team a comparatively easy victory.

The first score came in the second period when Johnson streaked 65 yards on an option play. Larry Breighner smashed over for the first of his three extra points. Early in the third quarter Johnson ran 35 yards on a similar play with Breighner again producing the extra point.

Both Biglerville tallies in the last frame came on the interceptions of Olsson aials. Bill Warner scampered 15 yards for the first tally while Donnie May ran 35 for the final six-pointer.

Biglerville will end its five-game season by entertaining Shippensburg on the Cannons' field November 3.

YANKEE BEATS CANADIAN FOR FIRST U.S. WIN

HARRISBURG (AP) — Billy Steinkraus, a Fairfield County, Conn., rider, gave the United States team its first victory of the 1955 Pennsylvania Horse Show last night with a faultless ride on his final mount in the second leg of the international low score competition.

Steinkraus had completed his first run around the 10-jump course with four faults on Night Owl. He remounted for a perfect spin on Saxon Wood to give him an elapsed time of 73.4 seconds, beating out Canadian team Captain W. R. Ballard who took his two horses over the jump course with four faults but required 88.6 seconds.

Team Standings

That left the team standings this way:

United States 4½ faults; Canada

8 faults; Ireland 16 faults; Mexico

26 faults.

The jumping was scored on the

basis of the best performance by a

single rider on two horses. The

final class will be held Friday.

In the first four international

competitions at the show, the Mex-

icans have won two events and the

United States and Irish one each.

TWENTY-FIVE YEARS AGO

Teachers Get \$3,000 Salary Boost
In Town: Gettysburg teachers' salaries for the present year will be exactly \$3,000 more than the 1929-30 total, according to a report filed with the state department of public instruction at Harrisburg by George P. Black, secretary of the Gettysburg school district.

The total spent on teachers' salaries last year was \$53,920 of which \$29,400 went for high school teachers and \$24,520 for grade teachers. This year's salary list totals \$56,920.

L. C. Keefe, the supervising principal, was given a boost of \$600 a year to \$3,600. His salary now exceeding that of W. Raymond Shank, Adams county superintendent of schools, who receives \$3,500 annually.

County Voters Total 20,049: There are approximately 100 more voters registered as democrats in Adams county than there are persons registered as members of the republican party, data issued today by George D. Thorn, chief of the election bureau, in Harrisburg, reveals. The total registration is 20,049.

While the democrats have the edge on the republicans in the total, the women registered as republicans number more than those registered as democrats, while a majority of the male voters of this section appear to favor the democratic organization.

Collect Seeds Of Evergreens: District foresters of the Pennsylvania Department of Forestry and Waters are now busy collecting the ripening seed of ash, hemlock, pitch pine and black locust trees in the forests near Caledonia. Large quantities of these seeds will be gathered and then shipped to the department's seed extraction plant at the state forest tree nurseries at Mt. Alto.

That a much greater bulk of material must be gathered than is finally available for sowing is illustrated by the fact that it takes one bushel of white pine cones to produce one pound of seed, one bushel of red pine cones to produce only a half pound of seed and one bushel of hemlock cones to yield two pounds.

Blame Fire On Cigar Tossed In Barnyard: A cigar or cigarette thoughtlessly thrown into a straw-covered barnyard by a passing motorist is believed responsible for a fire which destroyed the barn on the farm of Raymond Dunlap, near Weavertown, Wednesday afternoon with a loss of \$3,500.

All of the season's crops, the hog pen and chicken house were also consumed by the flames but the livestock and most of the machinery were saved.

Science Study In Schools Of County Grows: "Why can birds sit on electric wires?" "What makes the grass green?" and questions of a similar nature no longer remain unanswered in Adams county high schools.

With a veritable army of young people engaged in the study of science subjects, there is little fear that the adults and mysteries of everyday life are being neglected in the instruction given in these institutions.

There are eleven science subjects studied by the students. Agriculture, astronomy, biology, botany, chemistry, general science, geology, nature study, physics, and zoology are among them.

The science subject pushed by the largest number of pupils is general science, which is an additional subject to the science taught by the state. It is about half of the science taught in the state and is a subject of the county authority after 1955.

A SPECIAL HOUR

Twenty-four hours a day are allotted to each one of us. We can do with them as we choose. How few of us make the most of this opportunity! Surely it should not be too difficult to select one of these hours in which to do something special, interesting and educational.

What a valuable hour can be devoted to some sort of a hobby, or special study. One hour a day spent in reading can make anyone well-read and an interesting conversationalist. An hour each day, set aside, can prove a most valuable investment over the years. Set that extra hour apart from all others and you will be amazed how your life can be made far more interesting by filling that hour with fun, new knowledge and something creative.

When you do something you want to do, time becomes speedy! Think how interesting you can make a special hour set aside for personal improvement and recreation. That hour can be relaxing, too. It does not seem like work when you do something you want most to do. You can make that special hour the best of all the active ones in the twenty-four.

Once you get interested in the reading of books you will probably expand your hour of reading into many, for books take you to all corners of the earth and you talk with the humblest and greatest through the reading of selected books.

Many of us just wander around in several of the hours of the day. If we formed the habit of concentrating into one hour many a special occupation and interest, we would improve our mind and waste less of our time. Most of our unhappy hours can be charged up to time in which there has been very little interesting to do.

Tomorrow Mr. Adams will talk on the subject: "Say The Nice Things"

Just Folks

EYES

When you miss the bottom stair
Or the top one fail to see
Or you jump into a chair,
One good reason there may be.
If a friend you hurry by
Whom you failed to recognize
Leaving him to wonder why,
It's your eyes.

When, at table, you would pour
Steaming coffee in the cup
But it flows upon the floor
And they have to mop it up;
When you call her Mrs. Gray
Though she's known as
Mrs. Wise,
This is all that's left to say:
It's your eyes.

When the other fellow's hat
Is the one you wear away;
When you think the floor is flat
And you trip and drop the tray;
When you trump your partner's ace
And at you she fairly flies,
Anger stamped upon her face,
It's your eyes.

re-construction of the center square grass plot, an engineering corps of the state highway department was securing grades and lines around the square this morning. Two thousand dollars has been made available by the Adams county commissioners and the highway department for part of the improvements.

Tentative plans include the removal of the present six foot walk around the outer edge of the grass plot thereby increasing the driving space around the square. Present plans also call for removal of the unsightly pile of bricks, supporting a light standard in the center of the grass plot, and the erection on that site of a memorial, probably to president Lincoln.

It is planned to ask the light and telephone companies to remove poles now standing on several corners of the square and lines which now cross center square.

UNIFORM HOT DOG
LOUISVILLE, Ky. (P)—Purchase officials of 36 states have agreed on standard specifications for the hot dog, as well as for hundreds of other meat products. They adopted the standards yesterday at the opening meeting of the national association of state purchasing officials. All 48 states are expected to follow suit. Standards for the hot dog are set forth in four single-spaced typewritten pages.

UNION FORCES
70,000 WORKERS
INTO IDLENESS

By TOM BRENNAN

PITTSBURGH (P)—The independent United Electrical Workers went on strike against Westinghouse Electric Corp. early today, bringing to about 70,000 the total of the union's employees idled by contract disputes.

Pickers promptly appeared at Westinghouse plants in Pittsburgh and Detroit, Pa.
The midnight walkout was the second by Westinghouse production and maintenance workers within 10 days. On Oct. 16, the CIO International Union of Electrical Workers — 44,000 strong — closed down 39 Westinghouse plants. That walkout idled an additional 10,000 supervisory and engineering personnel.

The UE claims 17,000 members. However, Westinghouse said the union has none 10,500 members in 10 plants.

Wages, Incentive Pay
Some 7,000 UE members at Westinghouse's Big South Philadelphia plant have been out on strike since Oct. 14. The issues in that strike are wages, job classifications and incentive pay. A similar strike has idled some 800 workers in Jersey City, N. J.

Like the CIO-UE, the UE has rejected a proposal for a five-year agreement which the company says provides for raises totaling 23½ cents an hour over that period. Production employees now average \$2.10 an hour.

James J. Mattes, UE director of organization, issued the strike call. He said Westinghouse has refused "to move from its demand for a five-year blackout on collective bargaining with a 3 per cent wage increase," adding:

Want Wage Boost

"The UE is demanding that the company honor its existing one-year contract and grant a 15 cents per hour wage increase in line with the UE settlements in Westinghouse Air Brakes Co. and Phelps-Dodge Corp."

Both the CIO-UE and the UE signed two-year contracts with Westinghouse last year. The contracts each had provisions for wage reopening this year.
Robert D. Blaser, Westinghouse vice president in charge of industrial relations, said the UE had taken the same position as the CIO-UE.

"Unfortunately, the UE leaders have pushed their members into a losing battle which will bring them only needless financial hardship." The UE represents Westinghouse employees at Philadelphia, Pittsburgh, and Detroit, Pa., Bridgeport, Conn., Chicago, Detroit, Seattle, Wash., and Sunnyvale and Emeryville, Calif.

Further negotiations sessions were scheduled today between the company and the CIO-UE. Friday was given as the tentative date for resumption of talks with the UE.

W. F. Rockwell Jr., president of Rockwell Manufacturing Company, Pittsburgh, who was recently elected president of the Pennsylvania State Chamber of Commerce for the coming year, Rockwell, whose company operates 15 plants in 10 states, including Pennsylvania plants at Pittsburgh, DuBois and Uniontown, succeeds Joseph C. Frazier, Armstrong Cork Company, Lancaster, as head of the state chamber. He is 41 and the youngest man to lead the statewide business organization, made up of over 4,000 business and industrial executives.

Reading To Spend
\$12,450,000 This Year

PHILADELPHIA (P)—The Reading Railroad is spending \$12,450,000 for 1,400 freight cars and \$1,935,000 for roadbed improvements during the rest of this year.

Joseph A. Fisher, president of the company, said yesterday the projects are in keeping with the railroad's overall modernization program designed to meet expanding requirements of freight shippers and receivers. The freight cars will be delivered in 1956.

The roadbed improvements include reconstruction of the double track Sheeps Dam bridge over the Schuylkill River at Reading, at a cost of \$1,525,000, and the establishment of a new connection between the Reading Belt-Lebanon Valley branches and the Blandon cutoff west of Reading, at a cost of \$409,500.

PLAINWELL, Mich. (P)—Violet Rake, proprietress of the Fly Inn, was given a suspended fine of \$100 for permitting too many flies in her restaurant. A state inspector said: "We found the place full of flies."

Further negotiations sessions were scheduled today between the company and the CIO-UE. Friday was given as the tentative date for resumption of talks with the UE.

Seek New Contract
For Plant Workers

WASHINGTON (P)—Negotiations have begun on proposals for a new contract for employees in plants of the West Virginia Pulp and Paper Co.

The present contract, which covers some 3,700 workers at plants in Williamsport, Pa., Covington, Va., and Luke, Md., expires Nov. 17. The workers are members of the United Paper Workers of America CIO.

After exchanging proposals for the contract yesterday, Thomas M. McGary, a company official, said discussions of the proposals are scheduled to begin today and that, based on past experience, probably will last about 10 days.

200 FIREMEN
BATTLE FIRE IN
SHORE HOTEL

ATLANTIC CITY, N. J. (P)—A smoky blaze caused heavy damage today to a small hotel and four shops in the heart of this resort's business district. Three firemen were injured.

Fifteen guests at the Hotel Anlauf were evacuated safely from the frame building at Atlantic and Mount Vernon avenues.

More than 200 firemen were called out to battle the stubborn flames.

A family of four fled from a guest house across from the burning building, but returned when the danger of spreading fire was over. Dense smoke blanketed the fire scene, about two blocks from the City Hall.

The 27-room hotel, operated by Mrs. Betty Anlauf, is three stories high at some parts and two stories at others. Mrs. Anlauf said she was asleep when she heard shouts of fire.

The three firemen hurt were Andrew Wilson, 29, David M. Reilly, 28, and Michael Previtt, 42. Wilson was hit by falling debris and suffered a possible fractured shoulder and possible concussion. He was admitted to Atlantic City Hospital.

Previtt, overcome by smoke, and Reilly, who fell 10 feet from one roof to another, were released after treatment at the hospital.

Authorities said the blaze apparently started at the top of a hardware store alongside the hotel. Three other shops on Atlantic Avenue—a general store, a children's wear shop and a dress shop—were affected.

The first alarm was sounded at 2:04 a.m., and a general alarm 18 minutes later.

A damage estimate was not immediately available, nor was the cause of the fire determined.

MINISTER WINS
\$32,000 QUIZ
ON JAZZ MUSIC

NEW YORK (P)—The Rev. Alvin L. Kershaw has won \$32,000 on the CBS television and radio show The \$64,000 Question with his knowledge of jazz.

He can try for the grand prize next Tuesday night, or quit with his winnings.

The Rev. Mr. Kershaw, 36, rector of the Holy Trinity Episcopal Church at Oxford, Ohio, got over the \$32,000 hurdle last night by answering a complicated question about a 1925 recording of Louis Armstrong.

Another contestant, Don E. Self, a physicist from El Paso, Tex., decided to quit with the \$16,000 he had won in three appearances on the show and not try for the \$32,000 question in his mythology category.

To Educate Son

Self, 24, who is working on Long Island, said the money will be used for the education of his son Clifford, 5 months, and toward the purchase of a home in El Paso for his family.

The Rev. Mr. Kershaw's \$32,000 question was about one of the earliest recordings made by Armstrong, the cornetist, as leader of his own group. It contained a vocal by Armstrong of a popular song of the day, with Armstrong singing what is regarded as the first example of "scat singing" ever recorded.

The clergyman answered correctly that: (1) the name of the tune was "Heebie Jeebies"; (2) the group was Louis Armstrong and His Hot Five; (3) the names of the recording group and the instrument: each played were Armstrong, cornet; Kid Ory, trombone; Johnny Dodds, clarinet; John St. Cyr, banjo; and Armstrong's wife Lil Hardin Armstrong, piano.

GODFREY FIRES
THREE WORKERS
FROM HIS STAFF

NEW YORK (P)—A coproducer, an orchestra leader and an announcer have been fired from Arthur Godfrey's radio-television staff without forewarning or any reason given by their boss.

They were the latest of 12 firings by Godfrey in a little over six months.

The dismissals were announced by CBS yesterday while Godfrey was at Harrisburg, Pa., for the Pennsylvania National Horse Show. CBS simply said Godfrey gave no reasons for the firings. When questioned about this at Harrisburg, Godfrey replied:

"Do I have to give reasons? I'm running this job and if I can't

On Job 10 Years

The three dismissed were Larry Puck, a Godfrey coproducer for five years; Jerry Bresler, musical conductor on the "Arthur Godfrey Talent Scouts" program for two years; and George Bryan, announcer on the same program since it started 10 years ago.

All three said they had last seen their boss face-to-face a week before when the Talent Scouts program was broadcast. He seemed happy then, they said, and gave no indication of wanting to fire anyone.

Puck had at one time been producer of Arthur Godfrey and his Friends, but lost this job last December after his engagement to Marion Marlowe, a singer on Godfrey's staff, was announced. He continued as coproducer of the Talent Scouts show.

Miss Marlowe, 26, and Puck, 38, were married last June 5, nearly two months after she, five other singers and three writers were fired from the Godfrey team April 15.

WHAT'S IN A NAME

PHILADELPHIA (P)—William A. Spare, an executive with the Provident Mutual Life Insurance Co., has just been promoted, and he shouldn't have any trouble remembering his new title.
The company said Spare moved up from Actuary Assistant to Assistant Actuary.

In response to many persistent inquiries, here are the facts about a judge's pension and retirement.

- (1) My father, Judge Donald P. McPherson, never accepted a pension or retirement.
- (2) For the past seven years I have been eligible to join the State Employees' Retirement Fund, but I am not a member and I will not join.
- (3) There is no judge's pension today. To get retirement a judge has to join the State Employees' Retirement Fund like any other State employee.
- (4) The judge's salary is paid by the State.
- (5) If an employee leaves State employment voluntarily he is not entitled to retirement unless he has served 25 years or is age 60. What he has paid in to the fund is returned to him with interest.
- (6) Since my opponent is a candidate for another 10 years, if defeated, he would retire involuntarily and would be eligible for a retirement annuity under Option 1 of \$3,000.00 per year, with a minimum to be received of \$38,000.00, of which amount \$12,000.00 is contributed by him and \$26,000.00 by the State taxpayers.
- (7) It will cost more if my opponent is elected for another 10 years because his retirement annuity under Option 1 under present conditions at the end of 30 years would be \$8,400.00 per year, with a minimum to be received of \$76,000.00, of which \$20,000.00 is contributed by him and \$56,000.00 by the State taxpayers.

If you, the taxpayer, want Economy in Government, Vote for McPherson for Judge.

He will do the job well and he will not accept any retirement.

SENATE PRESSES ICC BRAKE RULE TRUCK CHECKS

HARRISBURG (AP)—The Senate today pressed the Interstate Commerce Commission "to make a prompt and thorough check of truck compliance with ICC brake regulations" on Pennsylvania highways.

A resolution, adopted by the Senate Monday night, was prompted by three recent truck accidents, two of which took 10 lives, when trucks ran out of control down hills.

The two fatal crashes were at West Newton, Pa., and Cumberland, Md., while the non-fatal accident occurred at Kittanning, Pa. All three resulted in extensive property damages.

Asks Study Aid
The resolution, sponsored by Sen. Wade (R-Cumberland), chairman of the Senate Highways Committee, also asks the state police and highways and revenue departments, as well as the trucking industry, to aid in the study. Trucks in each of the three accidents, the resolution states, were owned or leased by persons or corporations outside Pennsylvania and each was engaged in interstate commerce.

Legislation is pending before the assembly for installation of auxiliary brakes on trucks and the ICC is studying similar regulations, the resolution notes, adding that time would be needed for compliance with such regulations even should auxiliary brakes be required immediately.

New Bill Introduced
Meanwhile, a new bill was introduced in the House Monday to exempt safety devices on trucks from being measured with the legal weight limit of the vehicle. Introduced by Reps. Vaughn (R-Allegheny) and Sarraf (D-Alle-

gheny), it would amend the motor truck limits to allow a 600 pound exemption for safety devices in determining the legal weight of a vehicle.

The Senate resolution points out that the ICC has jurisdiction over safety of interstate trucking and has facilities for the "scientific study and approval of brake systems and safety rules."

Pennsylvania's motor code provides that trucks have brake systems that comply with ICC requirements.

WASHINGTON (AP)—A government drive to break up the illegal sale of stimulant drugs to truck drivers was disclosed Tuesday when 42 arrest warrants were issued in half a dozen states.

The campaign was announced jointly by Atty. Gen. Brown and Secretary of Welfare Polson.

They said the prosecutions were being started after a year-long undercover investigation.

DIRECTORS OKAY MERGER PLAN OF CARPET LEADERS

AMSTERDAM, N. Y. (AP)—Mohawk Carpet Mills Inc. and Alexander Smith Inc., two of the nation's leading carpet manufacturers, plan to merge.

Mohawk directors approved the move Monday. Alexander Smith directors previously had approved it. Mohawk officials said the step was subject to approval of the stockholders of both corporations.

The new concern would be known as Masco Industries Inc. A joint announcement said it would have assets of "slightly more" than 100 million dollars.

Under the agreement the execu-

tive and general offices of the combined organization would be in Amsterdam, now Mohawk headquarters. The sales headquarters would be in New York City, where Smith is headquartered. The products would continue to be sold Mohawk and Smith brand names, Mohawk said.

Mohawk employs 5,000, of whom 4,000 are in Amsterdam. Smith had slightly more than 3,900 employees in March, 1954. The number was reduced with the closing of its Yonkers mill later in 1954.

Under the merger agreement Mohawk stockholders would receive four shares of Masco common stock for each share of Mohawk Alexander Smith shares would be exchanged for Masco common on a one-for-one basis.

The 110-year-old Alexander Smith now has plants in Greenville, Miss.; Liberty, S. C.; Philadelphia, Pa.; and Brockton, Mass.

Besides Amsterdam, Mohawk

has operations in Dillon, S. C.; New Bedford, Mass.; New Castle, Del.; and Phoenixville, Pa.

Smith reported a net loss of \$3,897,169 for 1954 on sales of \$35,984,327. After shutting down Yonkers plant the company made its executive office from White Plains to New York City.

Mohawk last year reported a net profit of \$813,930.

PARIS (AP)—U. S. Secretary of State John Foster Dulles will visit Yugoslavia Nov. 5 and will go to Brioni in Yugoslavia to talk with Marshal Tito Nov. 6. It was reliably learned Tuesday.

Additional information on Dulles' plans was not available immediately.

He was in a North Atlantic Treaty Organization foreign ministers' conference here when his plans to go to Austria and Yugoslavia were learned.

State Has High Winds, Snow And Driving Rains Monday; Heavy Damage In Southeast

By THE ASSOCIATED PRESS
Pennsylvania was hit by a variety of weather Monday—most of it bad. Winds up to 60 miles an hour and driving rains visited the southeastern part of the state. Up to four inches of snow fell in the chilled northwest.

The most widespread damage was in the southeast where homes were damaged, power lines were felled, an airplane was hurled 50 feet and temperatures dropped as much as 27 degrees in a half hour.

But the northwest, at Titusville in particular, the first snow of the season disrupted traffic, felled power lines and brought on the confusion that comes annually with the first snowfall.

Roof Blows On Car

One of the most spectacular incidents occurred in Chester where winds of up to 60 miles an hour moved in suddenly. The roof of a two-story building was blown on an automobile, seriously injuring the driver.

Elsewhere in Delaware County trees were felled, electric wires ripped down and houses damaged. Sharon Hill's police radio was out of action for nearly an hour after a tree fell and severed power lines.

Roofs were blown loose also in upper Bucks County and power failures were reported in the Rancor-Lower Merion-Haverford section.

Snarl Philadelphia Traffic

The storm moved swiftly into Philadelphia darkening the skies in minutes. The hard hitting winds slowed and eventually snarled traffic as the homebound rush got underway.

At Philadelphia International Airport, a Pennsylvania Air National Guard plane was overturned and blown 50 feet, seriously injuring Sgt. Nicholas Chivasso, 24, who was in the plane.

Trees fell down on busy highways, resulting in detours and further traffic slowdowns.

High Winds General

At Pottstown and in other Montgomery County areas, the storm was also heavy. Winds raged up to 62 miles an hour and the sudden onslaught of cool air dropped the

mercury from 79 to 52 in just 10 minutes. Telephone service was interrupted and some homes lacked electricity briefly.

The storms which brought brief but heavy rains, were felt as far north as Bloomsburg where winds up to 31 miles an hour felled two trees and blew a 22 by 24 foot garage off its foundations.

Although winds as high as 54 miles an hour hit Harrisburg there was little damage reported other than some felled trees and television antennae. The winds subsided quickly.

Some Snow In State

In northwestern Pennsylvania, roads in mountain areas of Warren and McKean counties were very slippery—but there were no serious accidents throughout the snowfall.

In some areas the snow was mixed with rain and quickly melted. In others, temperatures hovering around the freezing mark brought children out to make snowmen.

At Titusville, tree branches fell under the weight of the snow cutting two main electric power lines and forcing suspension of work for 200 night shift employees of Universal-Cyclops Steel Corp. Service was restored in time for the early shift.

The Pittsburgh area got a taste of strong winds and driving rain that damaged some utility lines—disrupting service in some areas as much as four hours.

CHESTER MAYOR CRACKS DOWN ON CITY GAMBLING

CHESTER, Pa. (AP)—Mayor Ralph F. Swarts has assumed "personal supervision" of Chester's 75-man police department, at the same time stripping the assistant director of public affairs of his police control.

Swarts took his almost unprecedented action Monday after stating that assistant director Francis X. Kelly had "failed" in his assigned job of cleaning out gambling in Chester.

The action followed by two days Kelly's calling in of state police to make two gambling raids, rather than using Chester police. Shortly after the raids, which resulted in 21 arrests, Swarts said he approved of them.

Hindered By Captain

Kelly said Saturday he used state police because his "efforts to clean up the city" had been hindered by detective Capt. Paul J. McKinney. McKinney is ranking detective officer in the department which has been without a chief since the retirement three years ago of Andrew Desmond. Kelly, as assistant director of public affairs, was given a free hand in cleaning up gambling and vice, Swarts said. McKinney has declined comment.

Kelly said his 75-man force is "a fine department." He said he was concerned lest newspaper headlines appear he no longer felt the department was capable of doing its job. "I have a good department although there is no doubt the detective bureau is undermanned," Kelly said before he was relieved from his post.

He said also yesterday that McKinney, a Republican ward leader, "is capable of doing the job I want done." He implied previously that McKinney was too busy with work for the coming election campaign to devote enough time to his detective duties.

Senate Probes Sale Of Dredged Coal

HARRISBURG (AP)—The Senate has called for an investigation of the procedures used in the sale of coal dredged from the Schuylkill River desilting project.

A resolution, subject to House approval and sponsored Monday by Sens. Dent (D-Westmoreland) and Kesler (R-Lancaster), would entrust the probe to the Joint State Government Commission.

Under law, anthracite dredged from the Schuylkill may be sold by the state to the highest bidder. Dent said he wanted to know how much the state has realized from recovered coal and the "circumstances surrounding the sale of such recovered materials." The commission would be directed to look into the financial return to the commonwealth from the millions of tons of silt removed from the river since 1945.

CAR HITS TREE KILLING THREE

WILMINGTON, Del. (AP)—An automobile travelling "at an excessive rate of speed" sideswiped another auto and crashed into a tree Monday night killing three of the occupants and critically injuring the fourth.

Dead are Dorothy Davis, 21; Charles Price, 18, and John B. Webb, 23, the driver. In critical condition in Delaware Hospital was Barbara Davis, 17, no relation to the dead woman.

All four occupants of the car were Wilmington Negroes.

The sideswiped auto, operated by William R. White of Hamilton Park, a Wilmington suburb where the accident occurred, suffered only minor damage and White was not injured.

New Castle County Deputy Coroner Isaac Thornton said the Webb car was travelling at "an excessive rate of speed." It wrapped itself around the tree.

Democrats Maintain State GOP Tax Stall Is Attempt To Set Legislative Record

HARRISBURG (AP)—Sen. Dent, Senate Democratic floor leader, said Tuesday Republican strategy now calls for stalling on taxes to make the 1955 Legislature the longest in Pennsylvania history.

"They're trying to outdo the unfortunate 1951 Legislature under a Republican governor," he told a newsman. "The Republicans want to cast an onus on Gov. Leader."

The 1951 Legislature, longest in state annals, adjourned two days before Christmas after nearly a full year in session. The current session appears to be headed into 1956 barring an unexpected agreement on taxes.

Adjourn Until Nov. 14

Both the House and Senate, harried by a Harrisburg hotel room shortage and the upcoming municipal election campaign, adjourned yesterday until Nov. 14.

Rep. Readinger, House Democratic floor leader, said he anticipated no quick break in the tax deadlock when the lawmakers return.

His words were underscored by Senate debate Monday night which saw Dent flatly accuse the GOP of hampering a tax compromise with the idea of extending the 1955 legislative session beyond the Dec. 9 record of 1951.

Blame Duff

Dent was joined by Sen. Barr, Democratic state chairman, in aiming verbal fireworks at the GOP. Barr said U. S. Sen. Duff is behind Republican efforts to "sandbag" the governor's tax compromise conferences.

No provision has been made to resume the tax meetings during the three-week recess. They were started last August after Senate Republicans defeated the governor's \$11 million dollar classified income tax proposal.

Meanwhile, the Senate completed legislative action last night on fair

employment practices legislation, a program which has been in the platforms of both parties for years.

Governor To Sign

The governor was expected to sign the measure to ban discrimination in employment because of race, creed, color or national origin despite inclusion of an age clause.

The clause provides, in effect, that an employer can't refuse to hire a person because he is too old if that person is between 45 and 62 years of age.

Some Republican lawmakers, long opposed to creation of a fair employment practices commission, went along with FEPC after it included the age clause.

Truck Development

In another development, the Senate adopted a resolution asking the Interstate Commerce Commission to hurry a decision on whether to require trucks to install extra braking equipment.

A rash of serious truck mishaps recently sparked the resolution.

In last night's tax debate, Sen. Wade (R-Cumberland) argued that it is the responsibility of the Democratic-dominated House to originate taxation.

"That is not the duty of the Republican party at this moment," he said. "The fact remains that some tax program must be adopted in which both sides agree."

Republicans are in a position to enforce that point because of their majority of 26 votes in the Senate.

Only 20 senators out of 50 were on hand for yesterday's session which was devoid of action on controversial legislation. In the House, less than 30 members showed up for the session which was billed in advance as only a token meeting.

Tax And Tax Stand

In the House, Speaker Andrews (D-Cambria) hinted that Republicans may be asked to take a position after Nov. 14 on his plan for a state tax on what a Pennsylvanian pays in income taxes.

Rep. Johnson, assistant House Republican floor leader, took the same position as Wade in the Senate, declaring that it is not up to the governor and legislative leaders to devise a tax solution.

"Let's do it as a function of this House," he said.

In the Senate, Barr said Duff and Sen. Taylor (R-Dauphin), Senate president pro tempore, were collaborating in determining tax strategy, declaring:

"Duff is convinced that if the Republicans tick to their position on the sales tax—even if it means Pennsylvania will go broke—it will result in a political catastrophe from which the Democratic party will not recover."

Democrats Maintain State GOP Tax Stall Is Attempt To Set Legislative Record

HARRISBURG (AP)—Sen. Dent, Senate Democratic floor leader, said Tuesday Republican strategy now calls for stalling on taxes to make the 1955 Legislature the longest in Pennsylvania history.

"They're trying to outdo the unfortunate 1951 Legislature under a Republican governor," he told a newsman. "The Republicans want to cast an onus on Gov. Loefer."

The 1951 Legislature, longest in state annals, adjourned two days before Christmas after nearly a full year in session. The current session appears to be headed into 1956 barring an unexpected agreement on taxes.

Adjourn Until Nov. 14
Both the House and Senate, harried by a Harrisburg hotel room shortage and the upcoming municipal election campaign, adjourned yesterday until Nov. 14.

Rep. Readinger, House Democratic floor leader, said he anticipated no quick break in the tax deadlock when the lawmakers return.

His words were underscored by Senate debate Monday night which saw Dent flatly accuse the GOP of hampering a tax compromise with the idea of extending the 1956 legislative session beyond the Dec. 9 record of 1951.

Blame Duff
Dent was joined by Sen. Barr, Democratic state chairman, in aiming verbal fireworks at the GOP. Barr said U. S. Sen. Duff, behind Republican efforts to "sandbag" the governor's tax compromise conferences.

No provision has been made to resume the tax meetings during the three-week recess. They were started last August after Senate Republicans defeated the governor's \$11 million dollar classified income tax proposal.

Meanwhile, the Senate completed legislative action last night on fair employment practices legislation, a program which has been in the platforms of both parties for years.

Governor To Sign
The governor was expected to sign the measure to ban discrimination in employment because of race, creed, color or national origin despite inclusion of an age clause.

The clause provides, in effect, that an employer can't refuse to hire a person because he is too old if that person is between 45 and 62 years of age.

Some Republican lawmakers, long opposed to creation of a fair employment practices commission, went along with PEPC after it included the age clause.

Truck Development
In another development, the Senate adopted a resolution asking the Interstate Commerce Commission to hurry a decision on whether to require trucks to install extra braking equipment.

A rash of serious truck mishaps recently sparked the resolution.

In last night's tax debate, Sen. Wade (R-Cumberland) argued that it is the responsibility of the Democratic-dominated House to originate taxation.

That is not the duty of the Republican party at this moment," he said. "The fact remains that some tax program must be adopted in which both sides agree."

Republicans are in a position to enforce that point because of their majority of 26 votes in the Senate.

Only 20 senators out of 50 were on hand for yesterday's session which was devoid of action on controversial legislation. In the House, less than 30 members showed up for the session which was billed in advance as only a token meeting.

Tax And Tax Stand
In the House, Speaker Andrews (D-Cambria) hinted that Republicans may be asked to take a position after Nov. 14 on his plan for a state tax on what a Pennsylvanian pays in income taxes.

Rep. Johnson, assistant House Republican floor leader, took the same position as Wade in the Senate, declaring that it is not up to the governor and legislative leaders to devise a tax solution.

"Let's do it as a function of this House," he said.

In the Senate, Barr said Duff and Sen. Taylor (R-Dauphin), Senate president pro tempore, were collaborating in determining tax strategy, declaring:

"Duff is convinced that if the Republicans tick to their position on the sales tax—even if it means Pennsylvania will go broke—it will result in a political catastrophe from which the Democratic party will not recover."

DURABLE GOODS STOCK LARGEST IN U.S. HISTORY

NEW YORK (AP)—Consumer durables saturation—three big words that mean: How many more autos, TV sets, kitchen and laundry appliances can and will the American people buy?

The stock of durable goods they now own is the largest in history. At present they are spending 35 billion dollars a year for more.

Some economists fear that the saturation point may be near. They argue that most folk who need these things have them by now. But economists at the Chase Manhattan Bank in New York point out that "The American consumer, when his income rises, seems to possess an almost limitless capacity to use it." In the bank's quarterly review of business they also observe that producers are equally resourceful in inventing new and improved appliances and other products with which to tempt the consumer.

Both the number of families al-

ready possessing these gadgets and the amount being spent a year for more is impressive.

About 70 per cent of all American families own an automobile, and 12 per cent of these own more than one. At the moment Americans are spending 16½ billion dollars a year in buying cars.

The housewife is now spending more than four billion dollars a year on kitchen and household appliances and two billion for furniture.

But the bank economists say this doesn't mean that the market for these goods is drying up. They note that in 1954 two thirds of all refrigerator sales were for replacement. And 83 per cent of new car buyers traded in an old car.

(Economists at the First National City Bank of New York estimate there are round six million prewar cars on the roads—candidates for scrapping.)

The Chase Manhattan men also point to new fields far from the saturation point: clothes dryers and air conditioners are owned by only four per cent of our families, and dishwashers by three per cent.

Pygmy tribesmen of the African Congo average about 4½ feet tall, but can kill elephants with spears and poisoned arrows.

Emmitsburg

EMMITTSBURG: Mr. and Mrs. Jerry Hoskins, Dundalk, Md., visited with Mrs. Hoskin's parents, Mr. and Mrs. Raymond Baumgardner, on Sunday.

The World Day of Prayer was observed in the Tom's Creek Methodist Church Tuesday evening at 7:30 o'clock. All members and friends of the Thurmont Charge were invited to attend. The Halloween Party of the Tom's Creek Methodist Church will be held on Thursday evening in the social rooms of the church.

The Parent-Teachers' Association of the Emmitsburg Public School will meet tonight at 8 p.m. Classrooms will be open for parents to visit and teachers will be on hand to meet parents and discuss school problems of mutual concern prior to the business meeting. Pan American informative picture "Bermuda" will be shown.

Mr. and Mrs. William Stonesifer, Taneytown, were Sunday guests of Mr. and Mrs. Charles Fuss, E. Main St.

Patrick Boyle, son of Mr. and Mrs. B. H. Boyle, is at home after being discharged on October 21 at Fort Benjamin Harris, Indianapolis, Ind.

Mr. and Mrs. Jerome Peters and children, Baltimore, were weekend guests of Mrs. Peters' parents, Mr.

and Mrs. Guy Baker.

Emmitsburg's Bicentennial Committee met Monday evening when a representative group of 27 members from various community groups met in the Fire Hall Monday night with an election of permanent officers to act as a steering committee. Heading the committee as general chairman was Mrs. Robert E. Daugherty. She will be assisted by the following slate of officers: First vice chairman, Richard Florence; second vice chairman, Guy A. Baker Jr.; secretary, Patricia Lingg; treasurer, Mrs. Leonard J. Sanders. Four members at large who will carry a large responsibility in making the preparations for the historic mammoth celebration in 1957 are: C. A. Elder, Mrs. Kenneth Wagerman, Charles B. Harner and William Topper. Immediate plans call for a fund-raising campaign to care for the initial expenses incurred in making preparations for the celebration which will mark the 200th anniversary of the town of Emmitsburg during the summer of 1957.

Entertainment, church services, parade, museum, window decorations, a pageant, and many other events are planned for the anniversary. Committees will meet periodically, it was decided, until the time of the celebration. Present at Monday's meeting were representatives from 10 local organizations, including the two colleges

The Frederick County Board of Education is making plans to start its regular adult education program this fall and courses will be made available in some worthwhile subject by the payment of a nominal registration fee of \$1 per course.

General registration in the adult course was held at Frederick High School Monday evening. Courses offered will depend on demand.

Classes will be open to persons 16 years of age and over who are not enrolled in public schools. State and Federal funds make the course possible.

One offer of land was made to the Chamber of Commerce for a swimming pool, it was learned at the regular meeting of the organization held Monday night in the Fire Hall. President Cloyd W. Seiss presiding. The offer was an acre of ground in the East End of town and was made by an East End businessman. The president requested the swimming pool committee to make an investigation of the area to determine whether additional land would be available.

A communication from a ladies'

garment manufacturer of Philadelphia was received. The concern is interested in establishing a factory here which would employ approximately 100 employees. Another communication was received from a New York electrical manufacturer who is seeking a site for erection of a factory to produce electrical products.

The group voted to sponsor the local Christmas decoration contest and to award a sum of \$50 to the winners of the two classes, commercial and residential. A committee was appointed to obtain judges for the contest. It consists of John W. Walter, Kermit Lowe and Ralph F. Irean. Following the business meeting the group met with the Bicentennial Committee.

Emmitsburg High School soccer team upset league leaders of Middletown High 10-2 with Meade Fuss, high scorer for the day, making four goals for the locals. Clarence Ancarrow, Alfred Hahn and

John Springer scored two goals each.

The booters meet Brunswick on Thursday.

Visitors at the home of Dr. and Mrs. O. H. Stinson were Mr. and Mrs. G. H. Gillian and children, Josh and Eden, Baltimore, Maryland; Miss Sue Stinson, Upper Merion, Pa., and Mrs. Charles Lake, Philadelphia, Pa.

50C FOR NERVOUSNESS

DETROIT (AP)—A nervous robber apologized to taxicab driver Edward Grzynowicz for taking his wrist watch and \$8 in cash yesterday. For 30 minutes the robber told of his financial troubles. Then it was the cabbie's turn to talk. He would at least like to have the wrist watch back. It was a graduation present from his mother. He got it back, plus 50 cents "for cigarettes and coffee because you look nervous and probably need it."

"CONCRETE EVIDENCE"

LAKEWOOD, N. J. (AP)—Bouquet or brickbat? A letter from the Lakewood board of education thanking Mrs. Eugene Axelrod for a cake has her wondering. Seems Mrs. Axelrod recently gave the cake to board members for a post-meeting snack. The thank-you letter commends her cooperative spirit—"of which your cake was concrete evidence."

CREDIT NO GOOD

NORFOLK, Va. (AP)—A loan company manager was unable to persuade a traffic court judge yesterday to give him "three or four days" to raise a \$425 fine for 17 parking tickets. Jack B. Cody identified himself as manager of Liberty Loan Co., whose slogan is "borrow in one day up to \$250 or more on just your name."

Only in Ford...Y-8 power

After 23 years of building V-8's, after building more V-8's than all other makers combined, Ford now introduces the new 202-h.p. Thunderbird Y-8*—the successor to the conventional V-8. Whether you drive in mountains, on plains, or through city streets, instant-acting Y-8 power makes all your driving more fun! Also, this new Ford engine has a deep, solidly-built block. As a result, it's a quieter, smoother-running engine with a far greater life expectancy.

Only in Ford...Thunderbird styling

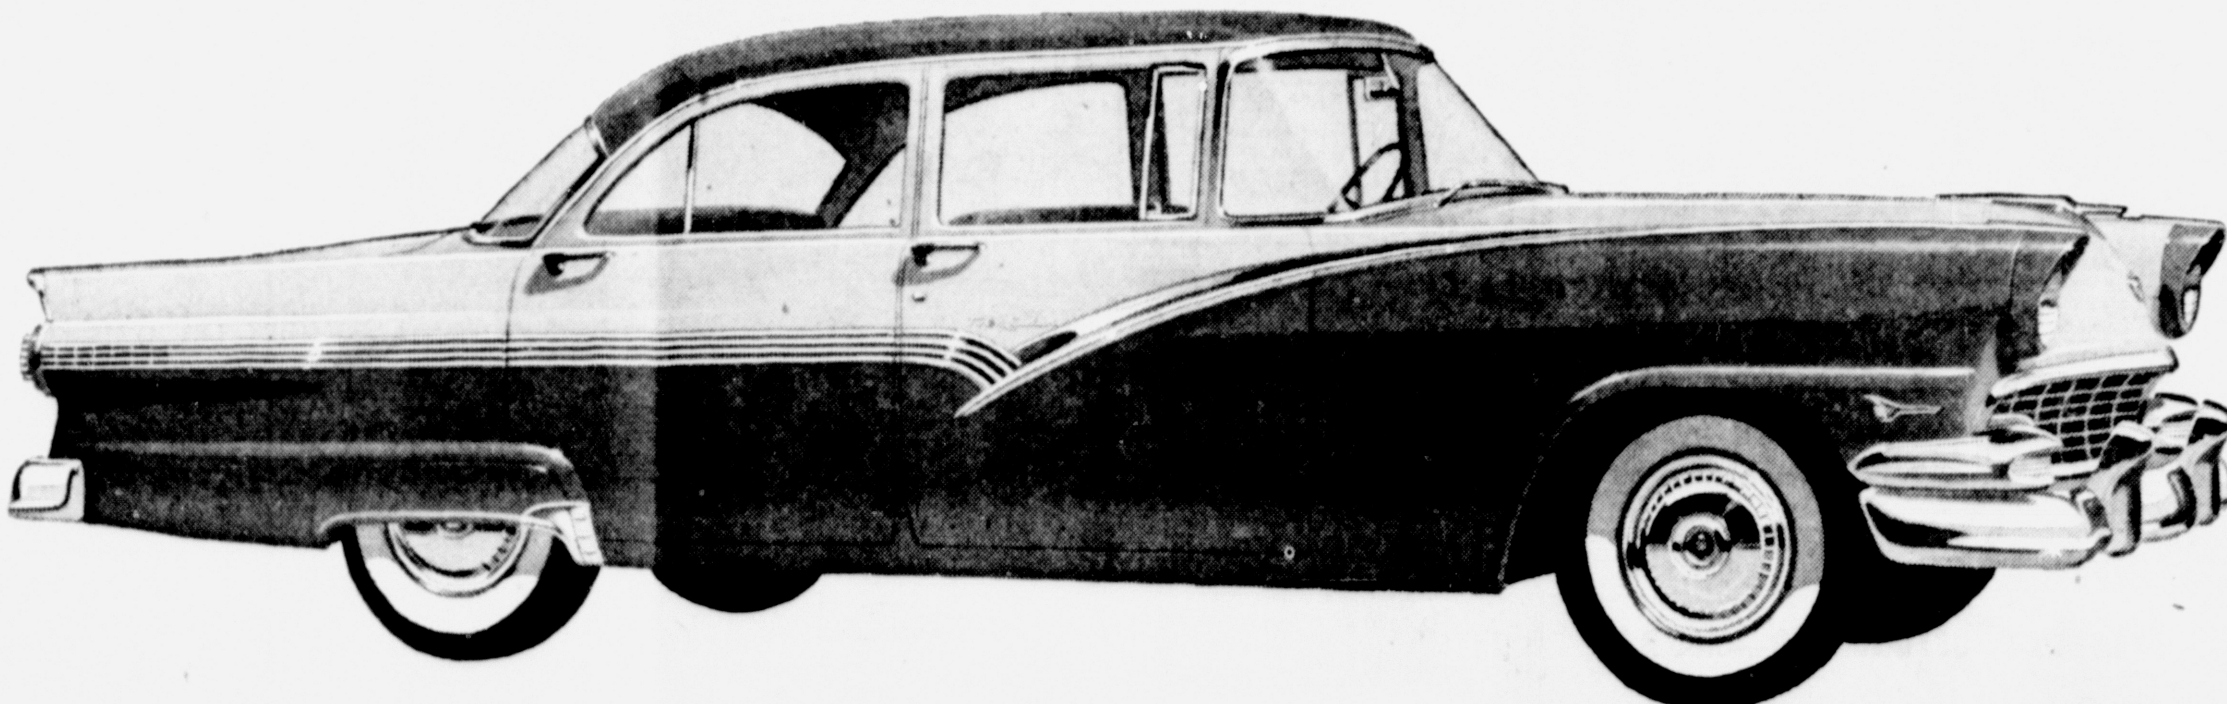

All 18 of the new '56 Ford models are styled like the Thunderbird—America's most desired dream car! Like the Thunderbird, Ford has hooded headlights, jet-like taillights, a classic lattice-type front grille, and low-to-the-road stance. To match this modern exterior, Ford has created an interior décor that's right up to the last minute. You'll find glamorous upholstery fabrics (combinations including nylons, woven plastics, and vinyls) which are the textile industry's newest and proudest creations. You must see them.

Only in Ford...Lifeguard Design

Ford for '56 makes the first major contribution to driver and passenger safety in accidents: Lifeguard Design. It's a new, exclusive family of Ford safety features. For example, Ford's new deep-center steering wheel acts as a cushion on impact—and Ford's new double-grip door latches give added protection against doors springing open. You can have optional seat belts and special optional padding for the control panel and sun visors. Put your family in Ford. You'll be thankful you did.

SENATE PRESSES ICC BRAKE RULE TRUCK CHECKS

HARRISBURG (AP)—The Senate today pressed the Interstate Commerce Commission "to make a prompt and thorough check of truck compliance with ICC brake regulations" on Pennsylvania highways.

A resolution, adopted by the Senate Monday night, was prompted by three recent truck accidents, two of which took 10 lives, when trucks ran out of control down hills.

The two fatal crashes were at West Newton, Pa., and Cumberland, Md., while the non-fatal accident occurred at Kittanning, Pa. All three resulted in extensive property damages.

Asks Study Aid

The resolution, sponsored by Sen. Wade (R-Cumberland), chairman of the Senate Highways Committee, also asks the state police and highways and revenue departments, as well as the trucking industry, to aid in the study.

Trucks in each of the three accidents, the resolution states, were owned or leased by persons or corporations outside Pennsylvania and each was engaged in interstate commerce.

Legislation is pending before the assembly for installation of auxiliary brakes on trucks and the ICC is studying similar regulations, the resolution notes, adding that time would be needed for compliance with such regulations even should auxiliary brakes be required immediately.

New Bill Introduced

Meanwhile, a new bill was introduced in the House Monday to exempt safety devices on trucks from being measured with the legal weight limit of the vehicle.

Introduced by Reps. Vaughn (R-Allegheny) and Sarraf (D-Alle-

U.S. STEEL HAS BEST 9 MONTHS IN ITS HISTORY

NEW YORK (AP)—United States Steel Corp. has wound up its best nine months in history and looks ahead to a continued boom in the industry for at least another half year, Roger M. Blough, chairman, reports.

Blough announced a flock of earnings, sales and production records for the world's biggest steel company yesterday after the company declared a higher dividend of 65 cents a common share. This was the second time the dividend had been raised since the start of the year.

Looking ahead, Blough said, "I would be very surprised if there was any letup in demand for steel in the next six months. If anything, the supply situation is worse than it was three months ago."

Some car building and home construction will have to be delayed. "We're now operating at 97.4 per cent of rated capacity, and I feel we haven't reached the end of the line," Blough declared.

Set Many Records

U. S. Steel racked up records, as follows:

Highest earnings for any nine month period: \$267,506,943 equal to \$4.65 per common share. Previous record: \$180,800,000 for nine months of 1916 when Europe was embroiled in World War I. Last year's nine month net income was \$138,174,974 equal to \$2.28 per share.

Record sales for any nine months: \$3,003,965,411, topping the old mark of \$2,920,010,626 chalked up in the first nine months of booming 1953. Sales in the first nine months of 1954 amounted to \$2,440,474,499.

Record shipments for any nine months: 18,965,667 tons of steel products. This eclipsed the previous mark of 18,951,123 tons in the like period of 1953.

Highest Net Income

Net income, sales and shipments for the third quarter were the highest for any third quarter in history.

FLYING SAUCER NOT SAUCER SAYS AIR FORCE

By ELTON C. FAY

WASHINGTON (AP)—The Air Force, busy for seven years trying to scotch legends about flying saucers, wants the public to know those weird looking aircraft which folks will see soon won't really be saucers.

They just look and act something like 'em.

The Air Force last night issued what has become a sort of annual report on the flying saucer situation, saying again it has found no evidence of flying saucers.

But this time it attached to the new and voluminous (316) report a statement by Secretary Donald

Earnings for the quarter of \$89,628,983 were equal to \$1.55 per common share, compared with \$44,323,860 or 72 cents a share in the same quarter a year ago. Record net for any quarter was the \$105,225,558 or \$1.85 a share in the second quarter this year.

Sales for the quarter of \$1,035,904,426 topped the previous September quarter record, as did shipments of 6,151,331 tons for the three months. In the like quarter last year, sales amounted to \$760,632,110 and shipments totaled 4,464,803 tons.

Directors announced the dividend of 65 cents a share is payable Dec. 10 to shareholders of record Nov. 4.

The regular quarterly preferred dividend of \$1.75 a share is payable Nov. 19 to holders of record Nov. 1.

KENNETH JOHNS
Clerk of the Orphans' Court of Adams County, Pennsylvania

Charles W. Wolf, Attorney

A. Quarles. It said some aircraft of novel form are coming along but there will be nothing "supra-natural or mysterious" about them.

One will be the vertical-rising, jet-powered experimental plane now at Edwards Air Force Base, Calif., test center for jet aircraft. The Navy already has flown a similar aircraft, the Convair V10, but this is powered with a conventional propeller.

Disc-Shaped Craft

Another strange plane, still in designed stage, is being developed by the Canadian firm of Avro, Ltd., which has a contract with the U. S. Air Force. This design, Quarles said, "could result in a disc-shaped aircraft somewhat similar to the popular concept of a flying saucer."

The Air Force told of investigations of 4,834 reports of sightings of "unidentified flying objects" (UFO) since 1947.

Part of the new report contains a summary for the January-May period of this year, when the Air Force received 131 UFO reports. It said evaluation of the 131 reports showed that balloons accounted for 26 per cent; planes 21 per cent; stars, meteors and other astronomical objects 23 per cent; "other" (mirages, kites, fireworks, contrails of high-flying planes) 20 per cent. Insufficient information on which to make evaluation 7; unknown 3 per cent.

Quarles also felt "certain that even the 3 per cent could have been explained as conventional phenomena or illusions if more complete observational data had been available."

"My budget's small and not enough To cover up these floors so rough And add a pretty note or two To cheer our home. I'm feeling blue," Said Mrs. Smith. "Our living room Is dull and drab and full of gloom. If only we were millionaires, There'd be an end to all my cares."

DURABLE GOODS STOCK LARGEST IN U.S. HISTORY

NEW YORK (AP)—Consumer durables saturation—three big words that mean: How many more autos, TV sets, kitchen and laundry appliances can and will the American people buy?

The stock of durable goods they now own is the largest in history. At present they are spending 35 billion dollars a year for more.

Some economists fear that the saturation point may be near. They argue that most folk who need these things have them by now. But economists at the Chase Manhattan Bank in New York point out that "The American consumer, when his income rises, seems to possess an almost limitless capacity to use it." In the bank's quarterly review of business they also observe that producers are equally resourceful in inventing new and improved appliances and other products with which to tempt the consumer.

Both the number of families al-

ready possessing these gadgets and the amount being spent a year for more is impressive.

About 70 per cent of all American families own an automobile, and 12 per cent of these own more than one. At the moment Americans are spending 16½ billion dollars a year in buying cars.

The housewife is now spending more than four billion dollars a year on kitchen and household appliances and two billion for furniture.

But the bank economists say this doesn't mean that the market for these goods is drying up. They note that in 1954 two thirds of all refrigerator sales were for replacement. And 83 per cent of new car buyers traded in an old car.

(Economists at the First National City Bank of New York estimate there are round six million prewar cars on the roads—candidates for scrapping.)

The Chase Manhattan men also point to new fields far from the saturation point: clothes dryers and air conditioners are owned by only four per cent of our families, and dishwashers by three per cent.

Pygmy tribesmen of the African Congo average about 4½ feet tall, but can kill elephants with spears and poisoned arrows.

Emmitsburg

EMMTSBURO: Mr. and Mrs. Jerry Hoskins, Dundalk, Md., visited with Mrs. Hoskins' parents, Mr. and Mrs. Raymond Baumgardner, on Sunday.

The World Day of Prayer was observed in the Tom's Creek Methodist Church Tuesday evening at 7:30 o'clock. All members and friends of the Thurmont Charge were invited to attend. The Halloween Party of the Tom's Creek Methodist Church will be held on Thursday evening in the social rooms of the church.

The Parent-Teachers' Association of the Emmitsburg Public School will meet tonight at 8 p.m. Classrooms will be open for parents to visit and teachers will be on hand to meet parents and discuss school problems of mutual concern prior to the business meeting. Pan American informative picture "Bermuda" will be shown.

Mr. and Mrs. William Stonestier, Taneytown, were Sunday guests of Mr. and Mrs. Charles Fuss, E. Main St.

Patrick Boyle, son of Mr. and Mrs. B. H. Boyle, is at home after being discharged on October 21 at Fort Benjamin Harris, Indianapolis, Ind.

Mr. and Mrs. Jerome Peters and children, Baltimore, were weekend guests of Mrs. Peters' parents, Mr.

and Mrs. Guy Baker.

Emmitsburg's Bicentennial Committee met Monday evening when a representative group of 27 members from various community groups met in the Fire Hall Monday night with an election of permanent officers to act as a steering committee. Heading the committee as general chairman was Mrs. Robert E. Daugherty. She will be assisted by the following slate of officers: First vice chairman, Richard Florence; second vice chairman, Guy A. Baker Jr.; secretary, Patricia Long; treasurer, Mrs. Leonard J. Sanders. Four members at large who will carry a large responsibility in making the preparations for the historic mammoth celebration in 1957 are: C. A. Eldred, Mrs. Kenneth Wagerman, Charles B. Harner and William Topper. Immediate plans call for a fund-raising campaign to take care for the initial expenses incurred in making preparations for the celebration which will mark the 200th anniversary of the town of Emmitsburg during the summer of 1957.

Entertainment, church services, parade, museum, window decorations, a pageant, and many other events are planned for the anniversary. Committees will meet periodically, it was decided, until the time of the celebration. Present at Monday's meeting were representatives from 10 local organizations, including the two colleges

The Frederick County Board of Education is making plans to start its regular adult education program this fall and courses will be made available in some worthwhile subject by the payment of a nominal registration fee of \$1 per course.

General registration in the adult course was held at Frederick High School Monday evening. Courses offered will depend on demand.

Classes will be open to persons 16 years of age and over who are not enrolled in public schools. State and Federal funds make the course possible.

One offer of land was made to the Chamber of Commerce for a swimming pool. It was learned at the regular meeting of the organization held Monday night in the Fire Hall, President Cloyd W. Sasse presiding. The offer was an acre of ground in the East End of town and was made by an East End businessman. The president requested the swimming pool committee to make an investigation of the area to determine whether additional land would be available.

A communication from a ladies'

garment manufacturer of Philadelphia was received. The concern is interested in establishing a factory here which would employ approximately 100 employees. Another communication was received from a New York electrical manufacturer who is seeking a site for erection of a factory to produce electrical products.

The group voted to sponsor the local Christmas decoration contest and to award a sum of \$50 to the winners of the two classes, commercial and residential. A committee was appointed to obtain judges for the contest. It consists of John W. Walter, Kermit Lowe and Ralph F. Irelan. Following the business meeting the group met with the Bicentennial Committee.

Emmitsburg High School soccer team upset league leaders of Middletown High 10-2 with Meade Fuss, high scorer for the day, making four goals for the locals. Clarence Ancarrow, Alfred Hahn and

John Springer scored two goals each.

The booters meet Brunswick on Thursday.

Visitors at the home of Dr. and Mrs. O. H. Sunson were Mr. and Mrs. G. H. Gilliam and children, Josh and Eden, Baltimore, Maryland, Miss Sue Sunson, Upper Merion, Pa., and Mrs. Charles Lake, Philadelphia, Pa.

50C FOR NERVOUSNESS

DETROIT (AP)—A nervous robber apologized to taxicab driver Edward Grzynowicz for taking his wrist watch and \$8 in cash yesterday. For 30 minutes the robber told of his financial troubles. Then it was the cabbie's turn to talk. He would at least like to have the wrist watch back. It was a graduation present from his mother. He got it back, plus 50 cents "for cigarettes and coffee because you look nervous and probably need it."

"CONCRETE EVIDENCE"

LAKEWOOD, N. J. (AP)—Bouquet or brickbat? A letter from the Lakewood board of education thanking Mrs. Eugene Axelrod for a cake has her wondering. Seems Mrs. Axelrod recently gave the cake to board members for a post-meeting snack. The thank-you letter commends her cooperative spirit—"of which your cake was concrete evidence."

CREDIT NO GOOD

NORFOLK, Va. (AP)—A loan company manager was unable to persuade a traffic court judge yesterday to give him "three or four days" to raise a \$425 fine for 17 parking tickets. Jack B. Cody identified himself as manager of Liberty Loan Co., whose slogan is "borrow in one day up to \$250 or more on just your name."

Only in Ford...Y-8 power

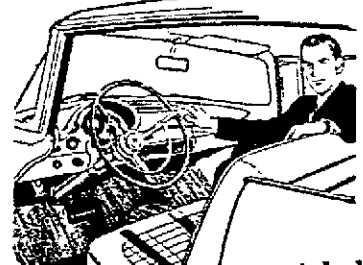

After 23 years of building V-8's, after building more V-8's than all other makers combined, Ford now introduces the new 202-h.p. Thunderbird Y-8—the successor to the conventional V-8. Whether you drive in mountains, on plains, or through city streets, instant-acting Y-8 power makes all your driving more fun! Also, this new Ford engine has a deep, solidly-built block. As a result, it's a quieter, smoother-running engine with a far greater life expectancy.

Only in Ford...Thunderbird styling

All 18 of the new '56 Ford models are styled like the Thunderbird—America's most desired dream car! Like the Thunderbird, Ford has hooded headlights, jet-like taillights, a classic lattice-type front grille, and low-to-the-road stance. To match this modern exterior, Ford has created an interior décor that's right up to the last minute. You'll find glamorous upholstery fabrics (combinations including nylons, woven plastics, and vinyls) which are the textile industry's newest and proudest creations. You must see them.

Only in Ford...Lifeguard Design

Ford for '56 makes the first major contribution to driver and passenger safety in accidents: Lifeguard Design. It's a new, exclusive family of Ford safety features. For example, Ford's new deep-center steering wheel acts as a cushion on impact—and Ford's new double-grip door latches give added protection against doors springing open. You can have optional seat belts and special optional padding for the control panel and sun visors. Put your family in Ford. You'll be thankful you did.
